
Interview Guidance Program (IGP) by ForumIAS | ONGOING

INTERVIEW ORIENTATION SESSION ON 25th DEC | 3PM

email : igp@forumias.academy | www.forumias.com/portal/interview/ <https://academy.forumias.com>

About the Personality Test : The Personality Test / Interview is the final leg of the Civil Services Examination where approximately 2500+ candidates who clear the Mains examination are called for the personality test. Out of the 2500+ candidates, around 900 candidates are finally selected for the services. The marks weightage of the PT is 275 marks, but given that marks in GS hover around 430/1000 , and in Optionals around 250/ 500, whereas marks in the PT vary from 130-210, its effective weightage in the final selection - and getting the coveted IAS or the service of your choice, of the State Cadre, depends on the PT. The PT is nearly essential for getting the IAS and can make or mar one's final selection.

What is the IGP? The Interview Guidance Program is a one-on-one Interview Preparation session by ForumIAS where candidates are guided by ForumIAS Mentors to prepare for the Civil Services Interview. The IGP offers upto 3 sessions for Interview Preparation. Candidates can enroll by visiting the academy website at <http://academy.forumias.com> or by visiting the offline center.

Program Design : We recommend that you take three sessions with ForumIAS mentors for the same. Usually the first session is the DAF session where a detailed analysis of the Detailed Application Form is made and the questions are generated. Candidates are given a direction for their preparation. In the second session, there is an informal Q&A round, and in the third session is a full pledged Interview Session. With these three sessions , we expect candidates to have a holistic framework for Interview Preparation.

Our Previous Students : The IGP has been depended by former students like Anudeep Durishetty (IAS Rank 1), Sachin Gupta (IAS Rank 3), Anubhav (IAS Rank 8), Abhishek Surana (IAS Rank 10 , IFoS Rank 2), Vaibhav Srivastava (IFoS Rank 1, IAS Rank 99), Siddharth Jain (IAS Rank 11 and so on. More than 200+ students in the final CSE 2017 list were students of IGP Program of ForumIAS .

Fees and Enrollment: Candidates can choose to book one session or three. Note that these sessions are not free as ForumIAS mentors devote a significant time and energy in these guidance sessions. Also, we are keen on candidates who have not been able to secure good marks in previous attempts.

Why do I have to pay fees for the mock sessions? ForumIAS Interview Guidance sessions are unlike sessions that may be conducted free of cost elsewhere solely with the purpose of claiming good results. We had 73 selections out of 86 in CSE 2016 Mains, but had only 3 candidates under 100 rank in CSE 2016 final list because we could not help our existing students with this round because of infrastructure issues. Our stellar results in CSE 2017 were solely because of our IGP program where

we were able to provide support to our students in the Interview round. If you are an MGP student, we strongly recommend having an early IGP session with us.

Who will be taking these one-on-one sessions? These sessions will be taken by experienced ForumIAS Mentors with relevant experience in guiding several candidates to under 100 rank before. We will be assisted by our members who have secured good ranks / interview marks previously. There will be generally one or upto 2 Mentors who will be holding your sessions.

Is the IGP available online? Yes, The IGP is available online. In fact, AIR 1 of CSE 2017 was our online student and mock sessions were held telephonically or via Skype. You must drop us a mail at igp@forumias.academy to schedule your mock session after making due payments.

IGP Sessions	Fees
IGP - 1 Session	INR 1100 for all candidates
IGP - 3 Session	INR 2500 for ForumIAS Students* INR 3000 for all others . Terms & Condition :
