Y. The key to tackle climate change is change in human attitude

2. We must create a kind of globalization that works for everyone, and not just for a few.

TOPIC: The key to tackle climate change le change in human attitude. It was the year 1730, when a large Bishnoi community rose against the King of Jodhpur on the issue of eatting of knefri trees. They were led by one woman, Amula Devi Bishuoi. She fett strongly against the tree cutting as they were their Racred grones. By forming a strong attitude, she saised the whole commuwho bugged the trees to prevent mity Untting. The King, however, them from killed them all. This Khejrali Massacre
