10 PM Compilation for the Month of February, (Fifth Week) 2023

Q.3) Consider the following statements:

1. ALH Helicopter is exported by India.
2. Indonesia has been the biggest importer of Indian arms in the past few years.
3. India is among the top 25 exporters of major arms.

Which of the statements given above is/are correct?

- a) 2 only
- b) 1 and 2 only
- c) 3 only
- d) 1 and 3 only

Answer: D

Explanation –

Statement 1 and 3 are correct. The major defence items being exported are Personal Protective items, Offshore Patrol Vessels, ALH Helicopter, SU Avionics, Bharati Radio, Coastal Surveillance Systems, Kavach Launcher, Spares for Radar, Electronic System and Light Engineering Mechanical Parts among others. According to a Stockholm International Peace Research Institute (SIPRI) report 2022, India is among the top 25 exporters of major arms.

Statement 2 is incorrect. Myanmar has been the biggest importer of Indian arms at 50 per cent during the 2017-2021 period, followed by Sri Lanka at 25 per cent and Armenia at 11 per cent.

Source: [ForumIAS](#)

Q.4) With reference to 'Mission Shakti' consider the following statements:

1. It has been launched by the Ministry of Culture.
2. The aim of the mission is to spread awareness about the cultural heritage of India amongst the India's diaspora.

Select the correct statements using the code given below:

- a) 1 only
- b) 2 only
- c) Both 1 and 2
- d) Neither 1 nor 2

Answer: D

Explanation –

Statement 1 and 2 are incorrect. Mission Shakti has been launched by the Ministry of Women Child Development (MWCD). It is a mission mode scheme aimed at strengthening interventions for women's safety, security and empowerment.

Source: [ForumIAS](#)

10 PM Compilation for the Month of February, (Fifth Week) 2023

Q.5) Consider the following statements:

1. In spring, air mostly flows from east to northeast in India.
2. The upper atmospheric westerly winds come to India from the Atlantic Ocean during spring.
3. A region experiences a heat wave if its ambient temperature deviates by at least 4.5-6.4°C from the long-term average.

Which of the statements given above are correct?

- a) 1 and 2 only
- b) 2 and 3 only
- c) 1 and 3 only
- d) 1, 2 and 3

Answer: B

Explanation –

Statement 1 is incorrect. In spring, India has air flowing in from the west to northwest.

Statement 2 and 3 are correct. The upper atmospheric westerly winds come to India from the Atlantic Ocean during spring. A region experiences a heat wave if its ambient temperature deviates by at least 4.5-6.4°C from the long-term average.

Source: [ForumIAS](#)

Q.6) With reference to Surya Nutan Cooker, consider the following statements:

1. It has been developed by Gas Authority of India Limited (GAIL).
2. It can work on both solar and auxiliary energy sources simultaneously.
3. It minimizes radiative and conductive heat losses.

Which of the statements given above is/are correct?

- a) 1 only
- b) 1 and 3 only
- c) 2 only
- d) 2 and 3 only

Answer: D

Explanation –

Statement 1 is incorrect. Surya Nutan Cooker has been developed by Indian Oil Corporation (IOC).

Statement 2 and 3 are correct. Surya Nutan Cooker can work on both solar and auxiliary energy sources simultaneously. It minimizes radiative and conductive heat losses.

10 PM Compilation for the Month of February, (Fifth Week) 2023

Q.7) With reference to “Women Entrepreneurship Platform (WEP)” consider the following statements:

1. It is a unified access portal which brings together women from different parts of India to build a nurturing ecosystem that enables them to realize their entrepreneurial aspirations.
2. It has been launched by NITI Aayog.

Select the correct statements using the codes given below:

- a) 1 only
- b) 2 only
- c) Both 1 and 2
- d) Neither 1 nor 2

Answer: C

Explanation –

Statement 1 and 2 are correct. WEP is a unified access portal which brings together women from different parts of India to build a nurturing ecosystem that enables them to realize their entrepreneurial aspirations. It has been launched by NITI Aayog.

Source: [Mint](#)

Q.8) With reference to the history of India, consider the following statements:

1. Mumbai was the first city where electric tram was first introduced.
2. Today, Kolkata is the only city which operates tram.
3. The first horse-drawn trams entered service in the then British capital of Calcutta.

Which of the statements given above are correct?

- a) 1 and 2 only
- b) 2 and 3 only
- c) 1 and 3 only
- d) 1, 2 and 3

Answer: B

Explanation –

Statement 1 is incorrect. The first electric tram was introduced in Chennai/Madras.

Statement 2 and 3 are correct. Today, Kolkata is the only city which operates tram. The first tram was horse driven tram and it was introduced in Calcutta.

Source: [The Indian Express](#)

Q.9) With reference to the ‘Fisheries sector in India’ consider the following statements:

1. India is the second major producer of fish through aquaculture in the world.
2. Andhra Pradesh is the leading state in marine fish production.
3. India is the largest fish exporter in the world.

Which of the statements given above is/are correct?

- a) 1 only
- b) 1 and 3 only
- c) 2 only
- d) 2 and 3 only

Answer: A

Explanation –

10 PM Compilation for the Month of February, (Fifth Week) 2023

Statement 1 correct. India is the second major producer of fish through aquaculture in the world.

Statement 2 and 3 are incorrect. Gujarat is the leading state in marine fish production, sharing 16.67 per cent of the country's total marine fish production. India is the 4th largest exporter of fish in the world. The exports from India contribute 7.7% to global fish production.

Source: [ForumIAS](#)

Q.10) With reference to Millet International Initiative for Research and Awareness (MIRA) consider the following statements:

1. It is aimed at connecting millet research organisations across the world while also supporting research on these crops.
2. Its secretariat will be placed in Delhi.
3. It will be funded by the World Bank.

Which of the statements given above is/are correct?

- a) 1 only
- b) 2 and 3 only
- c) 1 and 2 only
- d) 1, 2 and 3

Answer: C

Explanation –

Statement 1 and 2 are correct. MIRA is aimed at connecting millet research organisations across the world while also supporting research on these crops. Its secretariat will be placed in Delhi.

Statement 3 is incorrect. India will contribute the seed money, while each G20 member will later have to contribute to its budget in the form of a membership fee.

Q.2) With reference to Panna Tiger Reserve (PTR) consider the following statements:

1. The terrain in PTR consists of extensive plateaus and gorges.
2. Shipra River flows through this reserve from the south to the north.
3. It is the northern most boundary of natural distribution of teak forests.

Which of the statements given above are correct?

- a) 1 and 2 only
- b) 2 and 3 only
- c) 1 and 3 only
- d) 1, 2 and 3

Answer: C

Explanation –

Statement 1 and 3 are correct. The terrain in PTR consists of extensive plateaus and gorges. It is the northern most boundary of natural distribution of teak forests.

Statement 2 is incorrect. River Ken flows through this reserve from the south to the north.

Q.3) With reference to “Star Labeling Program” consider the following statements:

1. It has been formulated by the Bureau of Energy Efficiency (BEE).
2. The aim of the programme is to create alternative energy solution in the electric consumer appliances.

Select the correct statement using the code given below:

- a) 1 only
- b) 2 only
- c) Both 1 and 2
- d) Neither 1 nor 2

Answer: A

Explanation –

10 PM Compilation for the Month of February, (Fifth Week) 2023

Statement 1 is correct. Star Labeling Program has been formulated by the Bureau of Energy Efficiency (BEE).

Statement 2 is incorrect. The aim of the programme is to provide consumers an informed choice regarding the energy savings and thereby the cost-saving potential of various energy-consuming appliances. This scheme prescribes minimum energy performance levels for appliances/equipment, rated on a scale of 1 to 5 with 5 being the most energy efficient.

Q.5) Consider the following statements with reference to “Cryogenic Engine”:

- It uses propellants at extremely low temperatures.
- CE-20 is the first Indian cryogenic engine to feature a gas-generator cycle.
- A cryogenic engine uses liquid nitrogen and carbon as a fuel.

Which of the statements given above are correct?

- 1 and 2 only
- 2 and 3 only
- 1 and 3 only
- 1, 2 and 3

Answer: A

Explanation –

Statement 1 and 2 are correct. Cryogenic Engine is a very complex system due to its use of propellants at extremely low temperatures. CE-20 is the first Indian cryogenic engine to feature a gas-generator cycle.

Statement 3 is incorrect. A cryogenic engine uses liquid oxygen and liquid hydrogen as fuel.
