Q.1) Fundamental rights chapter of the constitution is the "north star" of the universe of constitutionalism. Examine. (10 marks, 150 words)

संविधान का मौलिक अधिकार अध्याय संविधानवाद के ब्रह्मांड का 'ध्रुव तारा' है। परीक्षण कीजिए।

Fundamental rights comprise of Part III of the Constitution - (Articles 12 to 35). They are rights guaranteed by the Constitution, to all citizens, justiciable against the state, and key to human dignity.

North Star is the star along the North Pole, it has proven to be a guide for travellers in the world over millennia, a symbol of consistency and unwavering support to all humanity.

~~hence~~
In this context: PLs as North Star:

1. Article 13 → negative definition of law
→ power of judicial review
↓
guide to courts in determining legality/constitutionality of any action of the state.

2. Article 14 → basis for Rule of Law
→ Karnataka State Electricity Board case
"equality is linked to justice - social, economic and political"

ie, consistency in state conduct, for rule of law.

3. Articles 15, 16 → foundation for affirmative action

↳ MP Balaji case 1962 - "reservation is not welfare"

↳ NALSA case 2014: definition extends to transgenders

ie, unwavering support to citizens, like North star

4. Article 20, 21 - inalienable (Article 359)

⇒ constant, like North star

↳ Maneka Gandhi case - "due process of law"

↳ Heller Citizens Forum case - right to clean environment

↳ Kharaswami case - privacy

ie, makes the constitution a LIVING BREATHING DOCUMENT

5. ensures citizens ~~realized~~ aspirations with time, like North star

6. Articles 25-30 → freedom of Conscience

↳ pluralism, multiculturalism

↳ "sarva dharmna Sambhava"

↳ just as North star is available to all, over time, similarly Articles 25-30

7. Article 32 - "backbone of the constitution"

Thus, attributes of FRs are similar to that of North star. They are fundamental of constitution

Q.2) Just because a person is offended by someone's speech or word; it does not mean that an offence has been committed. In this context, discuss the issues surrounding the use of the section 295A and 153A of IPC.

(10 marks, 150 words)

सिर्फ इसलिए कि कोई व्यक्ति किसी के भाषण या शब्द से आहत होता है; इसका मतलब यह नहीं है कि कोई अपराध किया गया है। इस संदर्भ में, IPC की धारा 295A और 153A के उपयोग से संबंधित मुद्दों पर चर्चा करें।

(10 अंक, 150 शब्द)

Section 295 A of IPC is punishment in case of "outraging religious feelings".

Section 153 A of IPC is punishment for "promoting enmity between religious groups", or "doing anything that can harm harmony".

They are said to be contradicting with Article 19(1)(a) - freedom of speech and expression.

This is because:

1. Article 19(2) carries reasonable restrictions to Article 19(1)(a):

→ "public order" is one with reasonable restriction.

→ yet, causality between ^{mere} speech and "public order" is not always

there //

2. Conviction rate for Section 153A and 295A ⇒

VERY LOW

3. Voltaire said: "I may not agree with you, but will fight to death your right to say it"
4. Justice Bhagwati said - In Maneka Gandhi case: "freedom of speech and expression is fundamental to democracy"
5. Dr Ambedkar envisioned Liberty as one of the core pillars of Indian nation.
6. This is in line with Indian civilizational ethos of ~~you~~ tolerance - wherein multiple philosophies have always existed together.
7. IPC is a colonial era law - introduced to suppress Indians
8. Similarly, 295 A is a colonial era section - designed to divide and rule India along lines of religion
9. There is no "right to be offended" in India - ~~people can't~~ and crimes committed ~~in case of~~ ~~offence~~ against freedom of speech and expression are absolutely barbaric (such as in recent Nupur Sharma case).

Hence, committee has been formed to relook IRC. Those sections too must be relooked

(10 marks, 150 words)

2. Real head = PM	real head = President
3. real power = solely with PM	Both President and PM have some real powers each

5. Federalism - part of BSR

13th Amendment not properly implemented yet
 lack of devolution of powers to Tamils

6. more checks and balances

vs less

7. bicameral

vs unicameral.

Current crisis

To an extent - because of political factors

1. 10th Amendment - president overruled checks and balances; Parliament; made extreme powers.

2. Corruption

3. "govt had become a family enterprise"

4. 13th Amendment - exclusion of Tamils.

5.

Yet, there are economic factors and social factors too

Economic

2. Organic shift to agriculture - poor policy making.
3. Food insecurity
4. Chinese debt diplomacy
5. Tourism industry suffering due to corona & terrorism (after Gates attack)

केंद्रीय जांच एजेंसियों की बहुलता न केवल अतिव्यापी अधिकार क्षेत्र और कार्यों के दोहराव की समस्याओं की ओर ले जाती है बल्कि संघीय सिद्धांतों को भी कमजोर करती है। केंद्रीय जांच एजेंसियों के कामकाज से संबंधित विभिन्न मुद्दों पर प्रकाश डालते हुए, उनके नियमन के लिए एक स्वतंत्र रूप से संगठित अर्थात् अम्ब्रेला निकाय के पक्ष में तर्क दीजिए। (15 अंक, 250 शब्द)

Investigative agencies play a crucial role in security and integrity of the nation.

This is via

- Internal security
- protect public from organised crime
- prevent the spread of mafia, etc
- safeguard integrity of public money etc.

In this context, it is essential for the investigative agencies to put their best foot forward, so that citizens can take the nation forward.

ISSUES

1. Issues of overlapping jurisdiction :

eg. → ED can investigate anywhere where money is involved, even if another agency is looking at the investigation.

2. Multiplicity of agencies :

Gj: NCB (narcotics) ; NIA (terrorism) ;
CBI (crime) ; WCCB (wildlife) ;
SFIO (white collar crimes) ;
State Police ; etc.

3. Duplication of functions.

when multiple agencies investigate the same case.

Gj: recent West Bengal corruption in
teacher's recruitment case
 ↓
 both CBI, GO investigating.

4. Conflict amongst agencies

5. Opaque functioning → outside ambit of RTI
 ↓
 don't know who to approach.

6. Waste of resources.

(e.g.) each agency has its own prosecution team,

↓
 And yet, prosecution is not good.

7. Failure to build strong cases.

Gj: all criminals acquitted in
Vineet Narain case 1992

↓
SC called CBI a "caged parrot"

8. Corruption by officials within agencies.

9. Reduction of federalism (as Police is State Subject)

Hence, various experts have called for an independent regulator.

Merits:

1. Clear demarcation of responsibilities.
2. Efficient utilization of resources.
3. Dedicated Prosecution wing.
4. Coordination and cooperation in financial matters. vis-à-vis ED.
5. Similarly, coordination and cooperation with respective parent agency.
 eg: NCB in case of drugs.
WCB in case of wildlife.
6. Joint operations

Demerits:

1. Can further impinge on federalism
2. will take position of this regulator much more powerful vis-à-vis State Police
3. Re-motivation of personnel.

Hence, if an independent regulator is formed,

It must be ensured that principles of

TRANSPARENCY, EFFICIENCY and FEDERALISM

are respected.

2030 तक सतत विकास लक्ष्यों की प्राप्ति तभी हो सकती है जब हम स्थानीय संदर्भ और स्थितियों पर विचार करें। इस कथन के आलोक में, एसडीजी को पूरा करने में पीआरआई अर्थात पंचायत प्रणाली की महत्वपूर्ण भूमिका के साथ-साथ उसकी क्षमताओं का परीक्षण करें। (15 अंक, 250 शब्द)

NITI Aayog (Voluntary National Review (VNR))
on Sustainable Development Goals to UN

Q.16) Ayushman Bharat is a revolutionary intervention but falls short of recognizing the right to health as a universal basic right. In this perspective, discuss the need for and impediments in ensuring the right to health for all in the country. (15 marks, 250 words)

अनुमान भारत एक क्रांतिकारी हस्तक्षेप है, लेकिन स्वास्थ्य के अधिकार को एक सार्वभौमिक बुनियादी अधिकार के रूप में मान्यता देने में विफल है। इस परिदृश्य में, देश में सभी के लिए स्वास्थ्य का अधिकार सुनिश्चित करने की आवश्यकता और उसमें निहित बाधाओं पर चर्चा करें। (15 अंक, 250 शब्द)

In the last decade, in-patient hospitalization has increased nearly 300% in India, of which more than 80% is out of pocket expenditure.

Such a financial burden of healthcare pushes households back in poverty, and in this context, PM-JAY was launched.

Revolutionary intervention

1. Coverage → largest globally (~50 cr + people)
↳ 9 cr rural households, 2 cr urban } acc to SCGE

2. Modernisation of infrastructure:
Converting 1.5 lakh + PHCs into Health and wellness centres.

3. Shift in focus towards: PREVENTING CARE.

4. 5 lakh rupees insurance cover / household.

5. 5% cess on imported customs duty on imported medical devices - to construct new hospitals in PPP mode in backward regions.
6. Ayushman CAPP: health insurance to families of all central armed police forces.
7. PM SEHAT: health insurance to ALL citizens of Jammu and Kashmir.
8. cashless, paperless.
9. Portable - throughout the country.
10. PM Arogya Mission: - to assist beneficiaries.

Short of recognizing right to health:

1. Doesn't recognize right to health.
2. Right to health:
 Access to
 - ↳ Primary
 - ↳ secondary care
 - ↳ Tertiary
 - ↳ Preventive

3. Ayushmann Bharat deals with only tertiary and preventive care last secondary.

4. Hence, need to extend to Binary care in the future.

Need for a Right to Health

- In India - 70% health expenditure is out of pocket expenditure.
- of which >50% is on PRIMARY CARE
- Hence, right to health has potential to push India further in human capital formation
- It will decrease burden on savings of household
 ↓
 Savings spent on investment/consumption
 ↓
 further economic growth

Hence, right to health can benefit both human capital and economic capital - as experience of Japan, Germany show.

Impediments

- Failure of Right to Education has created a bad experience.
- Limited fiscal capacity of Govts.
- Healthcare is a State Subject
 ↓
 Right to Health will impinge on federalism

MGNREGA (2006) guarantees "RIGHT to work" by providing at least 100 days of manual wage employment in rural India.

It is in line with:

1. SC go recommendations in Olga Tellis vs case (1986) [Parameer Swellers case]

6. Extremely useful during COVID

Failures : 1. wage inflation

2. "MGNREGA has created its own demand" i.e., it has led to unemployment.

3. Eg: MGNREGA → wage inflation → hardening farmers shifted to machines
 ← agricultural labour lost jobs.

4. Similarly in textile MSMEs

Performance in generating durable assets :

Positives : 1. lands, Panchayat buildings, minor irrigation, etc

2. PM Gram Sadak Yojana

3. Geo tagging of MGNREGA assets.

Negatives : 1. poor quality material used.

2. same asset tagged twice.

2. Can lead to crisis of urban migrations
3. Can lead to massive unemployment.
4. Will reduce competitiveness of Indian companies
 - ↓
 - Loss in export market, domestic market.
 - ↓
 - More unemployment
5. ie, urban MNREGA will create vicious cycle of unemployment.

Way fwd.:

for rural MNREGA

1. Recommendations of Parliamentary Committee on Rural Development.
2. Timely disbursement of wages.
3. Use of better quality material
4. increase number of days from 100 to 150 in drought prone areas.

for Urban Areas

1. Social Security
2. eShram Portal.
3. Atmanirbhar Rozgar Pratsahan Yojana
4. formal job creation

need for employment.

“(education seems to drive them out of it)”

According to Economic Survey: Drivers:

(evidenced by decreasing FLPR from 2003 to 2018-19)

1. More women go for higher education
↓
delayed entry into labour force.
2. Get married in urban areas → don't work there.
3. Jobs according to their skill/education levels not available.
4. Societal and patriarchal norms.

(17) BIMSTEC business council

Why is BIMSTEC seen as alternative to SAARC :

1. Continuous Pakistani support to Terrorism and the worst forms of human rights abuse has led to SAARC becoming obsolete.
2. SAARC is unlikely to continue to stay obsolete as long as Pakistan does not stop supporting terrorists.

Why BIMSTEC can't be alternative though :

1. NOT a subcontinental multilateral.
2. Alternative must effectively engage all stakeholders from the continent.
3. Alternative must help resolve long-standing subcontinental - disputes.

Way forward for BIMSTEC :

1. Summit only every 4 years - This must increase
2. Greater tech collaboration, Free Trade Agreements etc
