EXAMINER'S REMARKS

CRITERIA FOR THE FEEDBACK SECTION AT THE END OF EACH QUESTION

1. **AWIS = Answered What is Asked.** This means whether you have addressed the core demand of the question or not. Addressing the core demand of the question gets you an objectively fair score. It is examiner's perception if you have understood the question and if you know the answer in the first place. Creative answer writing, sometimes missing the core demand, may fetch very high or very low scores, and exposes your answer to the subjectivity of the examiner.
2. **CD & VA = Content Density & Value Addition.** Examiner will evaluate the quality and quantity of your content in the answer. In the same word limit and space limit have you (a) written what is asked (b) gone beyond what is asked (c) enriched answers through combination of (but not all!) suggestions, ideas, quotes, flowcharts, diagrams, facts and figures, data etc. This affects objective components of assessment.
3. **S & F = Structure & Flow =** Whether you have structured your answer properly or not. Whether the answer has been broken into parts and sub-parts and each part has been addressed appropriately or not. Whether the flow of the answer is maintained. Affects both subjective and objective components of assessment.
4. **P & R =** How your answer performs on the criteria of **presentation, ease of read, clarity and apparent effort** in writing the answer. This affects the subjective components of assessment.

Section - A

Q.1) a) Celebrity endorsements raise pertinent ethical concerns about responsibility that delve into the realm of ethical considerations of social influence that run deeper than mere surface appeal. In this context, suggest measures to tackle the ethical challenges of celebrity brand endorsements. (10 marks, 150 words)

सेलिब्रिटी एंडोर्समेंट/परांकन जिम्मेदारी के बारे में प्रासंगिक नैतिक चिंताओं को उठाते हैं जो सामाजिक प्रभाव के नैतिक विचारों के दायरे में आते हैं जो महज सतही अपील से कहीं अधिक गहरे होते हैं। इस संदर्भ में, सेलिब्रिटी ब्रांड एंडोर्समेंट/परांकन की नैतिक चुनौतियों से निपटने के उपाय सुझाएं। (10 अंक, 150 शब्द)

Celebrities are able to attract consumers due to their likability factor. Hence, different brands use them for endorsements.

Ethical considerations of social influence :-

① Celebrities may not be truly aware about the product. Eg. Maggie was endorsed by many celebrities. Later, it was found to have violated food safety norms as it had high content of MSG.

② Celebrities may set undue standards about the product. Eg. Ads about

products that may cause loss in weight.

③ Endorsement such as online games with cash prize - habit forming among youth.

Measures to tackle ethical challenges:-

① Educate the customer - Product is bought for its utilitarian value. Eg. All ingredients and nutrients of food product is properly displayed.

② Any endorsement, ad is firstly reviewed by government-body to check its appeal and consequences

③ Duty on the celebrity - Celebrities also have a role in the product sale and its effect on consumer. New Consumer Rules is set to make celebrities more responsible.

④ Public pressure to make ethical ads. Eg. Akshay Kumar withdrew from a tobacco ad. Hence, ethically conscious society will be able to make better decisions.

b) Embracing a scientific mindset involves setting aside impulsive inclinations in favor of the pursuit of truth. In your view, how does the integration of scientific thinking contribute to addressing contemporary challenges and promoting societal progress? How can we effectively cultivate a scientific attitude in society? (10 marks, 150 words)

वैज्ञानिक मानसिकता को अपनाने में सत्य की अनुसरण के पक्ष में आवेगपूर्ण प्रवृत्ति को अलग रखना शामिल है। आपके विचार में, वैज्ञानिक सोच का समाकलन समकालीन चुनौतियों से निपटने और सामाजिक प्रगति को बढ़ावा देने में कैसे योगदान देता है? हम समाज में वैज्ञानिक प्रवृत्ति को प्रभावी ढंग से कैसे विकसित कर सकता है? (10 अंक, 150 शब्द)

A scientific mindset embraces rationality. It constantly questions all the possibilities and consequences before arriving at any decision. Hence, it is pursuit of truth because scientific decision is objective. Any impulsive decision is taken based on one's prejudices, emotions or past experiences which can be far from truth. Eg. ASI chose to undergo scientific expedition for gold at Unna based on seers dream → It was impulsive decision away from truth.

Scientific thinking for contemporary challenges:-

① To address inequality — distribution

of resources has to be done objectively and equitably. Eg. Use of e-PDS has improved food security

② To address environmental concerns — Use of green technology requires scientific innovations.

③ To reduce crime — scientific mindset means no stereotyping and fairness in justice.

Cultivation of Scientific Attitude

① Child education — Early intervention
The National Education Policy, 2020 focuses on content learning.

② Training of individuals — Functionaries can be trained in problem solving skills, dealing with decision making situations.

③ Societal setups — Society embraces individuals who take rational decisions
To build scientific temper is our fundamental duty (Article 51)

Q.2) a) In the realm of professional conduct, ethics plays a role that tends to go far beyond fulfilling the roles and responsibilities of the job with diligence and honesty. But some people consider professional competence as the only critical requirement for a job. If faced with a choice, who would you prefer to hire - someone with professional competence or one with strong moral values? (10 marks, 150 words)

पेशेवर आचरण के क्षेत्र में, नैतिकता एक ऐसी भूमिका निभाती है जो परिश्रम और ईमानदारी के साथ नौकरी की भूमिकाओं और जिम्मेदारियों को पूरा करने से कहीं आगे तक जाती है। लेकिन कुछ लोग पेशेवर योग्यता को नौकरी के लिए एकमात्र महत्वपूर्ण आवश्यकता मानते हैं। यदि आपको किसी विकल्प का सामना करना पड़ता है, तो आप किसे नियुक्त करना पसंद करेंगे - पेशेवर योग्यता वाला व्यक्ति या दृढ़ नैतिक मूल्यों वाला व्यक्ति? (10 अंक, 150 शब्द)

Ethics is the science of conduct.
It means an individual carefully assesses each action of his such that it is in consonance with his value system.

People often consider only professional competence as

- ① Difficult to assess moral values
- ② The wrong set of notion that practicality does not coexist with ideality.
- ③ Focus is on outcome rather than process.

In case of a choice :-

- ① choosing someone with professional competence
- produce exceptional results being helpful to organization.

However, values may be compromised. During Nazi rule, some of the best professionals were involved in building of gas chambers.

② Choosing one with strong values.

→ Project output may not meet standards.

However, a person with strong moral values will be ready to learn. With adequate training he can be made competent.

Arendt has spoken of 'banality of evil', meaning ordinary humans can commit worst of crimes. Hence, only a person with strong moral values can act unbiased in all situations.

Commence without morality and knowledge without character are sins as per Gandhiji.

b) Patriotism can hold different meanings for different people, often shaped by personal experiences and convictions. What does patriotism mean to you? Explain narrating incidents from your life when you exhibited patriotism. (10 marks, 150 words)

देशभक्ति अलग-अलग लोगों के लिए अलग-अलग अर्थ रख सकती है, जिसे अक्सर व्यक्तिगत अनुभवों और दृढ़ विश्वासों द्वारा आकार दिया जाता है। आपके लिए देशभक्ति का क्या तात्पर्य है? अपने जीवन की उन घटनाओं का वर्णन कीजिए जब आपने देशभक्ति का प्रदर्शन किया था। (10 अंक, 150 शब्द)

Patriotism is the display of affection and pride towards one country. It can mean different things for different individuals as each individual has a different notion of love and dedication.

To me it means :-

① Following my duties as a citizen - we can be taken from our fundamental duties.

During my studies and work I try to be sincere and display competence. This will help to bring changes in me as well as contribute to nation

② Maintaining civic sense -

As a citizen, I do not damage any public property, do not litter the road. I follow traffic rules. This reduces the chaos and builds a strong community.

③ Display of brotherhood and positive attitude towards fellow citizens - I ensure that I do not engage in spread of enmity. I cross check any whats app forwards before forwarding it.

④ Celebrating our national ideals - I take utmost pride in our history and heritage. I try to use any opportunity to showcase it. Eg. In front of my friends from other nations I explain about our rich culture.

⑤ By not being a party to corruption that is not involved in bribe-giving. Thus, patriotism can be expressed in different walks of life.

Q.3) a) Max Weber's concept of bureaucracy was developed in the early 20th century, but it still influences administrative structures today. In what ways do you see Weberian bureaucracy as relevant in today's rapidly changing world? (10 marks, 150 words)

मैक्स वेबर की नौकरशाही की अवधारणा 20वीं सदी की शुरुआत में विकसित हुई थी, लेकिन यह आज भी प्रशासनिक संरचनाओं को प्रभावित करती है। आज की तेजी से बदलती दुनिया में वेबेरियन नौकरशाही को आप किस प्रकार प्रासंगिक मानते हैं? (10 अंक, 150 शब्द)

Max Weber's concept of bureaucracy explained that the authority is allowed to use power, that is authority is a source of legitimate power.

It influences administrative structures today as; the state bureaucracy exercises power on behalf of citizens.

The bureaucracy is responsible for implementation of various policies, maintenance of law and order and display of good governance.

In today's rapidly changing world other power centres have emerged - public opinion aggrandized by social media and undue interference of politics in bureaucracy.

However, Weberian bureaucracy is still relevant as :-

- ① During Covid-19 pandemic, the bureaucracy was the first in charge to see delivery of services, curb infection.
- ② In the era of disinformation and fake news, it is the bureaucracy which puts forth the correct news and policies of government.
- ③ Bureaucracy is the link between people and government. It ensures stability of government. It maintains trust of public. Hence, bureaucracy is the steel frame of India.

b) "Global challenges often test the ethical fiber of nations, urging them to channel narrow pursuit of national-interest into an enlightened self-interest." Enumerating the various ethical principles underlying the concept of enlightened national-interest examine its efficacy in helping nations navigate the fine line between pursuing their strategic interests and upholding ethical principles, particularly in times of conflict? (10 marks, 150 words)

"वैश्विक चुनौतियाँ अक्सर राष्ट्रों के नैतिक ताने-बाने का परीक्षण करती हैं, जो उन्हें राष्ट्रीय-हित की संकीर्ण खोज को प्रबुद्ध स्व-हित में बदलने का आग्रह करती हैं।" प्रबुद्ध राष्ट्रीय-हित की अवधारणा में निहित विभिन्न नैतिक सिद्धांतों को गणना करते हुए, राष्ट्रों को अपने रणनीतिक हितों को आगे बढ़ाने और नैतिक सिद्धांतों को बनाए रखने के बीच सूक्ष्म लाइन (fine line) को मार्गनिर्देशन के लिए मदद करने में इसकी प्रभावकारिता की जांच कीजिए, खासकर संघर्ष के समय में? (10 अंक, 150 शब्द)

International affairs and global challenges are often dealt with two contrasting set of policies - realism (pursue national interest) or liberalism (pursue global interest)

Ethical principles of national-interest

- ① Each nation is in charge of its security and economic growth. It is to be met at all cost ignoring the concerns of other nations. Eg. Nations competing to manufacture Covid-19 vaccines or defence arms race.
- ② War is justified if it is to secure one's border. collateral damage is justified. Eg. Russia-Ukraine crisis.

③ National interests rather than actions on global challenges.
Eg. Carbon and coal policies rather than green actions.

Efficacy in times of conflict

① National interests may lead to justifying of war to meet strategic interests. Eg. Russia Ukraine crisis charges of crime against humanity have been levelled up.

② Expenditure to strengthen security may be given priority rather than issues of poverty. Eg. Yemen faces worst food insecurity.

③ Short term gains are preferred rather than long term impacts — Hiroshima bombing has affected generations

Thus, national interest if enlightened can protect ethical principles but for long-term results collective interest is to be seen.

Q.4) a) In the realm of governance, a crucial aspect is the art of persuasion. The qualities that make civil servants proficient persuaders empower them to fulfill their responsibilities in an effective manner. Discuss with illustrations. (10 marks, 150 words)

शासन के क्षेत्र में, एक महत्वपूर्ण पहलू अनुनय की कला है। वे गुण जो सिविल सेवकों को कुशल प्रेरक बनाते हैं और उन्हें प्रभावी तरीके से अपनी जिम्मेदारियों को पूरा करने के लिए सशक्त बनाते हैं। उदाहरण सहित चर्चा कीजिए। (10 अंक, 150 शब्द)

Persuasion means to convince another individual according to one's own set of views. It is combination of:-

Civil servants need to be proficient persuaders as:-

① It helps them to implement policies of government.

Eg. In Kameng, Assamachal Pradesh civil servants used help of local medicine men to persuade citizens to take Covid-vaccines.

② To bring a social change, persuasion is needed.

Eg. Shaline Agarwal, used persuasion to make schools install rain harvesting structures. This has raised awareness regarding sustainable use of water.

③ To carry tough decisions - People may show hostility if certain decision affects them in short run. Eg. Emission from forest can cause unrest among forest dwellers. But, forest officials in Odisha persuaded families of better rehabilitation to shift families from sanctuary.

④ To build solidarity - Persuasion generates mutual bonding, trust and collective actions. Hence, civil servants need to display persuasion too.

b) Differentiate between the following:

(10 marks, 150 words)

- i. Conscientiousness and Conscience
- ii. Gratitude and Gratification

निम्नलिखित के बीच अंतर कीजिए :

(10 अंक, 150 शब्द)

- i. अंतर्विवेकशीलता और विवेक
- ii. कृतज्ञता और तृप्ति

i) Conscientiousness

→ The awakened sense of listening to one's conscience

→ Individuals can take morally correct actions

Conscience

→ The inner voice that guides one during decisions.

→ All individuals have conscience but may not be able to understand unless they are aware.

Thus, conscience can be utilised only with a sense of conscientiousness. A person with conscientiousness does actions by listening to conscience, he is not affected by false voices

Gratitude

→ Being grateful for different blessings and support.

→ Acknowledge the role of others

→ Can bring long lasting joy and happiness

Gratitude is to be inculcated for true satisfaction and this will help one feel gratified

Satisfaction

→ Satisfying oneself which can be by satisfying one's senses or a sense of internal satisfaction

→ Gratification is a personal feeling, may not necessarily depend upon others

→ May result in short term pleasure.

Q.5) a) Corruption has multifaceted implications. Some consider it an undeniable vice, while others contend it to be an unavoidable necessity for navigating the bureaucratic complexities. In your opinion, does corruption oil or corrode the gears of development? Substantiate your arguments. (10 marks, 150 words)

भ्रष्टाचार के बहुआयामी प्रभाव होते हैं। कुछ लोग इसे एक निर्विवाद बुराई मानते हैं, जबकि अन्य इसे नौकरशाही जटिलताओं से निपटने के लिए एक अपरिहार्य आवश्यकता मानते हैं। आपकी राय में, क्या भ्रष्टाचार विकास के पथ को प्रेरित करता है या बाधित करता है? अपने तर्कों को प्रमाणित कीजिए।

(10 अंक, 150 शब्द)

Corruption is an act of commission or omission.
Corruption is an undeniable vice as it means compromising with one's set of values and promoting spoils system.
Corruption becomes an unavoidable necessity because of shortcomings in bureaucratic structure, such as wide level of discretion, biasness and red tapism.
Corruption does not oil the gears of development. It may seem to bring quicker results but it is because of a narrow perception as

only short-term impact is analysed. Eg. By corrupting officials, in Bhopal the chemical factory was able to make quick profits and provide employment to many. It seemed to oil development.

However, corruption corrodes gears of development. It can lead to designing of policies that only benefit the rich, promote black money. Corruption in defence can affect security of nation. In above example, the Bhopal gas Tragedy of 1984 resulted in loss of lives, health and reversed the development.

Mehrabul Haq has mentioned that corruption in South Asia leads to a situation of death and life as corruption leads to stark inequality and unavailability of resources.

b) Ethical hacking and malicious hacking stand as divergent paths with distinct intentions and consequences. As technology advances, it becomes imperative to comprehend the nuances that set these practices apart in the cybersecurity landscape. In this perspective, elucidate the principles that differentiate ethical hacking and malicious hacking. (10 marks, 150 words)

एथिकल हैकिंग और मालिसिअस (malicious) हैकिंग के अलग-अलग इरादों और परिणामों के साथ अलग-अलग मार्ग हैं। जैसे-जैसे प्रौद्योगिकी आगे बढ़ती है, उन बारीकियों को समझना अनिवार्य हो जाता है जो साइबर सुरक्षा परिदृश्य में इन प्रथाओं को अलग करती हैं। इस परिप्रेक्ष्य में, उन सिद्धांतों को स्पष्ट कीजिए जो एथिकल हैकिंग और मालिसिअस (malicious) हैकिंग को अलग करते हैं। (10 अंक, 150 शब्द)

Hacking is the unauthorized access to computer resource for personal benefits. Ethical hacking means hacking is for the larger good while malicious hacking is with the intention to harm someone and reap personal benefit. Both need to be differentiated as it is becoming common in cybersecurity landscape. Eg. Hacking of personal details of Covid-patients and release of Telegram - malicious. Hacking of details of nuclear installations by Iran before nuclear deal was

considered as ethical hacking by western countries. Principles that differentiate can be summarised as:-

- (i) Ethical hacking is based on utilitarian approach - greatest good of all. Malicious hacking is good of only oneself.
- (ii) Ethical hacking is sponsored by nation, its process is reviewed, harm is kept to the minimal. In malicious hacking there is no accountability and is done by non-state actors.
- (iii) Ethical hacking is a pro-active approach, malicious hacking is a detrimental approach. Hacking should be minimal and focus should be on improving cyber security infrastructure.

Q.6) What does each of the following quotation mean to you?

- a) "Our greatest ability as humans is not to change the world, but to change ourselves."
- Mahatma Gandhi (10 marks, 150 words)

निम्नलिखित में से प्रत्येक उद्धरण का आपके लिए क्या अर्थ है?

- "मनुष्य के रूप में हमारी सबसे बड़ी क्षमता दुनिया को बदलना नहीं है, बल्कि खुद को बदलना है।"
- महात्मा गांधी (10 अंक, 150 शब्द)

Gandhi's campaign during freedom struggle was based on 'atmasakti' or self reliance.

It means one needs to develop capacity in oneself, the focus should be to bring positive changes in oneself.

It is important to bring change in ourselves than to focus on changing the world because:-

- ① Each individual is responsible for oneself. If every individual is ethical, the world itself will become ethical.
- ② By changing oneself, one can

set a positive example.
Eg. Lal Bahadur Shastri during food security crisis forego one meal. This was replicated by nation which built solidarity during crisis.

③ It keeps conflict at distance. When we seek to change the world we may become judgemental and impose our standards upon others. Hence, one needs to only focus on one's own actions.

④ Buddha has also stressed upon the individuality. Hindu philosophy too talks of actions of oneself based on Dharma. Thus, simple actions of oneself can bring collective change which is our greatest ability.

b) 'People know what they do; frequently they know why they do what they do; but what they don't know is what what they do does.' Michel Foucault
(10 marks, 150 words)

'लोग जानते हैं कि वे क्या करते हैं, अक्सर वे जानते हैं कि वे ऐसा क्यों करते हैं, लेकिन वे यह नहीं जानते कि वे जो करते हैं वह क्या करता है।' मिशेल फाउकॉल्ट
(10 अंक, 150 शब्द)

As individuals we make plans to attain certain objectives, however we often do not analyse the complete consequences of it.

This means that :-

① Our actions focus mainly on outcome and not the process followed. (Teleological approach). Eg. Securing a college seat by paying donation money. It means one has justified actions by believing he is attaining quality education. But, in the process the seat to a worthy candidate is denied.

(ii) Man ~~is~~ is inherently selfish

and self centered. Thomas Hobbes has said that men are nasty and brutish which can make the world difficult place to live in.

③ Short sightedness and impatience to reap benefits as early as possible. Destruction of environment and unsustainable lifestyle without assessing its impact like erratic rainfall.

This quote has become even more relevant in today's scenario as we face scarcity of resources and climate related challenges.

Hence, before taking any action one needs to examine all its outcomes. It should be morally correct as well as unharmed to all.

An unexamined life is not worth living - Socrates.

c) "I slept and dreamt that life was a joy. I awoke and saw that life was service. I acted and behold, service was a joy." Rabindra Nath Tagore
(10 marks, 150 words)

"मैं सो गया और सपना देखा तो जीवन आनंदमय था। मैं जागा और देखा कि जीवन सेवा है। मैंने अभिनय किया और देखा, सेवा खुशी थी।" रवीन्द्रनाथ टैगोर।
(10 अंक, 150 शब्द)

Human's thought process and actions define the outcome of life.

The idea of happiness and joy can mean different things to different set of people. But, Tagore equates joy to service. This is because:

- ① When a person extends service to someone, the love and gratitude expressed also brings joy in service provider.
- ② When a person engages in service it gives his life a purpose. Instead of material satisfaction he truly experiences

contentment .

③ Service providing helps build mutual bonds of trust and care. Man is a social animal and enjoy company. Hence, joy comes to those who lead a life of service.

④ Swamiji Narayan- service to humankind is service to God, as per Swami Vivekananda. Hence, life of service beings us closer to God.

In every walk of life we should inculcate a spirit of service. As citizens of our country too, it is our fundamental duty to render service to nation. This enables true development of individual and bring joy.

Section - B

Q.7) Even though the incidents of wars are detrimental to all, it is the women who have been the worst sufferers of all forms of human conflicts. Historical evidences from throughout the globe have highlighted the skewed vulnerability of women to violence in all its manifestations. In the medieval period, the situation of women remained particularly vulnerable; treated as second class citizens in comparison to men, their condition became particularly deplorable during wartime excesses. Invariably, women were considered as part of the plunder, leading to their sexual and psychological exploitation. Similarly, during the second world war, the then Imperial Japanese Army exploited women, pushing them into sexual slavery. These women were euphemistically termed as comfort women. The objectification of women as a commodity for comfort made their exploitation complete and absolute. Issue of comfort women, one of the largest incidents of human trafficking, continues to be a diplomatic flash point between South Korea and Japan.

In contemporary times too, we get to see the manifestation of various social crimes against women. Dharmendra, a young District Magistrate, posted in Khainom, capital of Ranipur recently became witness to such an incident. Ranipur is one of the North Eastern states of India. Ranipur has a rich ethnic diversity consisting of both tribal and non-tribal population. Issues such as access and ownership over resources, settling of outsiders (non-tribals) in tribal areas, dominance/influence over government appointments etc., have remained the bone of contention between the tribal and non-tribal people. However, the matters came to a head when the demands from the non-tribal community for being recognized as tribals started gaining force. These demands were fiercely opposed by the tribals fearing that it will reinforce the positions of non-tribals; allow them to buy land in tribal areas and therefore will marginalize the already backward tribal community in the state. Within no time the situation took a communal turn. Khainom was particularly worst hit. In addition to the incidents of plunder and loot, Khainom gained global attention when a video of a tribal girl being sexually assaulted by non-tribal men surfaced in the social media. The video clearly depicted a group of 20-25 men molesting a tribal girl in front of entire village. A police car, and few police personnel were also visible in the video. The passivity of armed police personnel towards safeguarding the women was being severely criticised across all quarters. Even though this particular incident came into public domain, it was by no measure an isolated happening. Many such occurrences of targeting women from both the communities were reported throughout Ranipur. The political leadership of the state has taken cognizance of the events in Khainom. Dharmendra has been instructed to prepare a holistic plan to avoid such incidents in the future.

- What recommendations should Dharmendra make to create a safe environment for the women?
- What are the factors that have led to victimization of women, especially during conflicts?

(20 marks, 250 words)

यद्यपि युद्ध की घटनाएँ सभी के लिए हानिकारक हैं, फिर भी सभी प्रकार के मानवीय संघर्षों में महिलाएँ ही सबसे अधिक पीड़ित रही हैं। दुनिया भर के ऐतिहासिक साक्ष्यों ने हिंसा के सभी रूपों में महिलाओं की विषम संवेदनशीलता को उजागर किया है। मध्यकाल में महिलाओं की स्थिति विशेष रूप से असुरक्षित रही; पुरुषों की तुलना में उन्हें दोगुम दर्जे का नागरिक माना जाता था, युद्ध के दौरान ज्यादातियों के दौरान उनकी स्थिति विशेष रूप से दयनीय हो गई थी। हमेशा, महिलाओं को लूट का हिस्सा माना जाता था, जिससे उनका यौन और मानसिक शोषण होता था। इसी तरह, दूसरे विश्व युद्ध के दौरान तत्कालीन शाही जापानी सेना ने महिलाओं का शोषण किया, उन्हें यौन दासता में धकेल दिया। इन महिलाओं को मंगलभाषी ढंग से भोग की महिलाएँ कहा जाता था। भोग की वस्तु के रूप में महिलाओं के वस्तुकरण ने उनके शोषण को पूर्ण और निरपेक्ष बना दिया। मानव तस्करी की सबसे बड़ी घटनाओं में से एक, भोग की महिला का मुद्दा, दक्षिण कोरिया और जापान के बीच एक कूटनीतिक विवाद बना हुआ है।

समसामयिक समय में भी हमें महिलाओं के प्रति विभिन्न सामाजिक अपराधों की अभिव्यक्ति देखने को मिलती है। राजधानी रानीपुर के खैनोम में तैनात युवा जिलाधिकारी धर्मेंद्र हाल ही में ऐसी घटना के गवाह बने। रानीपुर भारत के उत्तर पूर्वी राज्यों में से एक है। रानीपुर में एक समृद्ध जातीय विविधता है जिसमें आदिवासी और गैर-आदिवासी दोनों आबादी शामिल है। संसाधनों तक पहुंच और स्वाभित्व, आदिवासी क्षेत्रों में बाहरी लोगों (गैर-आदिवासियों) का बसना, सरकारी नियुक्तियों पर प्रभुत्व/प्रभाव आदि जैसे मुद्दे आदिवासी और गैर-आदिवासी लोगों के बीच विवाद की जड़ बने हुए हैं। हालांकि, मामला तब तूल पकड़ गया जब गैर-आदिवासी समुदाय की ओर से आदिवासियों के रूप में पहचाने जाने की मांग जोर पकड़ने लगी। इन मांगों का आदिवासियों ने इस डर से जमकर विरोध किया कि इससे गैर-आदिवासियों की स्थिति मजबूत होगी; उन्हें आदिवासी क्षेत्रों में जमीन खरीदने की अनुमति दे दी जायेगी और राज्य में पहले से ही पिछड़े आदिवासी समुदाय को हाशिए पर धकेल दिया जाएगा। देखते ही देखते स्थिति ने सांप्रदायिक रूप ले लिया। खैनोम विशेष रूप से सबसे अधिक प्रभावित हुआ। लूट-पाट की घटनाओं के अलावा, खैनोम ने तब वैश्विक ध्यान आकर्षित किया जब एक आदिवासी लड़की के साथ गैर-आदिवासी पुरुषों द्वारा यौन उत्पीड़न का एक वीडियो सोशल मीडिया पर सामने आया। वीडियो में साफ तौर पर दिखाया गया है कि 20-25 लोगों का एक समूह पूरे गांव के सामने एक आदिवासी लड़की से छेड़छाड़ कर रहा है। वीडियो में पुलिस की एक गाड़ी और कुछ पुलिसकर्मी भी नजर आ रहे हैं। महिलाओं की सुरक्षा के प्रति सशस्त्र पुलिस कर्मियों की निष्क्रियता की हर तरफ कड़ी आलोचना हो रही थी। भले ही यह विशेष घटना सार्वजनिक डोमेन में आ गई, लेकिन यह किसी भी तरह से एक अलग घटना नहीं थी। पूरे रानीपुर में दोनों समुदायों की महिलाओं को निशाना बनाने की ऐसी कई घटनाएं सामने आईं।

राज्य के राजनीतिक नेतृत्व ने खैनोम की घटनाओं का संज्ञान लिया है। भविष्य में ऐसी घटनाओं से बचने के लिए धर्मेंद्र को एक समग्र योजना तैयार करने का निर्देश दिया गया है।

- महिलाओं के लिए सुरक्षित वातावरण बनाने के लिए धर्मेंद्र को क्या सिफारिशें करनी चाहिए?
- वे कौन से कारक हैं जिनके कारण महिलाओं को उत्पीड़न का सामना करना पड़ा, विशेषकर संघर्षों के दौरान? (20 अंक, 250 शब्द)

Marie Shar, a notable editor
remarked that feminism is
the rational idea, that women
are humans. This remark highlights
the fact that women are often
treated simply as means to an
end. This becomes visible in
situations of conflict and war

in which women face higher degree of vulnerability.

In the above mentioned case, we see complete de-humanization in Ranipur. The state machinery seems to have become non-functional as sexual assault happens publicly.

- (a) Dharmendra, as the District Magistrate would need to display competence and courage to deal with the situation. Steps taken would include :-
- ① Immediate deployment of security forces, send report to centre if further security force is needed.
 - ② Immediately raise issue of

video circulation, so that it is removed from social media as per IT Rules.

③ Assess the situation to cut off internet service in disturbed areas of Khainom as per CRP Rules.

④ As a young officer, Dharmendra would need to consult his seniors in the area who have better idea of the situation and grievances of people.

⑤ Take strict action against the inactivity of police personnel and the men molesting the girl. This will send a strong message and act as deterrence for future actions.

⑥ To ensure such incidents do not occur again, Dharmendra

would need to develop solution to address core issue which is imbalanced development and sense of alienation between the two groups.

→ Better livelihood options for prosperity.

→ Protection of tribal areas and unlawful land transfers.

→ Transparency in government appointments.

→ Solidarity exercises between communities.

Nurturing virtuous individuals and conforming to fundamental duty of protecting dignity of women is a message that Dharmendra would have to spread in Ranipur.

(b) Factors that lead to victimisation of women, especially in conflicts

- ① Medieval age thinking that women are property (doctrine of coverture)
- ② Failure of law and order, gives impunity to the law-breakers.
- ③ Women are seen as easy targets.
- ④ Vulnerability of women - high proportion of women are unaware of their rights, not trained enough to physically defend themselves.
- ⑤ Women are seen as symbols of honour. Hence, any action which indignifies women is assumed to bring psychological harm along with physical harm.
- ⑥ Lesser number of women are part of security forces. Hence, women risk assessment is not comprehensively formulated. Such victimization displays moral corruption and needs to be condemned.

Q.8) Manoj is a young boy studying in class tenth of Nav Bharti school. Even though Manoj is pursuing science stream, as desired by his parents, he has always been more inclined towards arts. His skills in various performing arts viz. music, dance etc., has always received high praises from his friends, teachers and relatives alike. It was his desire to make a name for himself in this field. However, when Manoj informed his parents about his dream, their reaction though disappointing, did not come as a surprise. His parents who have always desired to see him as an engineer, were vehemently against his wish to pursue performing arts as a career option. His father explained him that by being an engineer he can lead a financially rewarding life, which they themselves could never afford. Further, his father also belittled his dream by saying that music and dance did not constitute an honourable profession. Manoj's father also pointed out to Manoj that Praveen, Manoj's cousin, had settled with a high paying job after completing his engineering degree from a renowned university.

Though Manoj never enjoyed studying mathematics and science, he did not want to go against his parent's wishes. Therefore, after completing his board exams, Manoj was sent to Pota. Over the years the reputation of Pota as the coaching hub for entrance examinations had grown far and wide. The determination of Manoj's parents to make their son an engineer was undeterred despite the high fees of the coaching centres in Pota. Therefore, in order to pay the high fees of the coaching institute, Manoj's parents mortgaged their only asset, the ancestral family land. Manoj tried to convince his father against it, but to no avail.

In order to fulfil his parent's aspiration, Manoj started working hard and giving his best. However, despite his consistent and honest hard work, his performance in mock tests remained sub-par and could neither meet the expectations of the teachers in Pota nor that of his parents at home. In addition, due to the alienation from the environment of school, friends, and family Manoj started remaining depressed. Further, in Pota he did not get anytime for pursuing his hobbies in performing arts. He started keeping to himself and even avoided talking to his parents on phone.

Even after two years of gruelling coaching regime, Manoj's condition remained unchanged. The situation came to such a pass that Manoj used to be in a constant fear of failure in the annual Engineering Entrance Examination (EEE). He was aware about the high financial stakes that the exam bore for his family. It was under this pressure that Manoj gave the EEE.

Finally, the results were out, and Manoj was unable to make it to any prestigious engineering college. Even though the result was on the expected lines for Manoj, the realisation that he has failed in the examination crushed him mentally. What made the matters worse was the disappointment that Manoj noticed in his parent's voice over the phone. Manoj felt like a criminal in his mind who had squandered the scarce family resources. Unable to bear the pressure, Manoj took a fatal jump off the building of his hostel. He left behind a note apologising to his parents for being unable to fulfil their aspirations.

- What are the qualities lacked by Manoj's parents?
 - What qualities in a person can prevent him/her from taking the extreme step of committing suicide?
 - What are the various ethical issues with the education system as depicted in the case study?
- (20 marks, 250 words)

मनोज एक युवा लड़का है जो नव भारती स्कूल में दसवीं कक्षा में पढ़ता है। भले ही मनोज अपने माता-पिता की इच्छा के अनुसार विज्ञान स्ट्रीम से पढ़ाई कर रहा है, लेकिन उसका रुझान हमेशा कला की ओर अधिक रहा है। संगीत, नृत्य आदि जैसे विभिन्न प्रदर्शन कलाओं में उनके कौशल को हमेशा अपने दोस्तों, शिक्षकों और रिश्तेदारों से समान रूप से उच्च प्रशंसा मिली है। उनकी इच्छा इस क्षेत्र में नाम कमाने की थी। हालाँकि, जब मनोज ने अपने माता-पिता को अपने सपने के बारे में बताया, तो उनकी प्रतिक्रिया निराशाजनक थी, लेकिन आश्चर्य की बात नहीं थी। उनके माता-पिता, जो हमेशा उन्हें एक इंजीनियर के रूप में देखना चाहते थे, अभिनय कला को करियर विकल्प के रूप में अपनाने की उनकी इच्छा के सख्त खिलाफ थे। उनके पिता ने

उन्हे समझाया कि एक इंजीनियर बनकर वह आर्थिक रूप से पुरस्कृत जीवन जी सकता है, जिसे वे स्वयं कभी नहीं कर सके। इसके अलावा, उनके पिता ने भी यह कहकर उनके सपने को छोटा कर दिया कि संगीत और नृत्य कोई सम्मानजनक पेशा नहीं है। मनोज के पिता ने मनोज को यह भी बताया कि प्रवीण, मनोज का चचेरा भाई, एक प्रसिद्ध विश्वविद्यालय से इंजीनियरिंग की डिग्री पूरी करने के बाद उच्च वेतन वाली नौकरी कर रहा है।

हालाँकि, मनोज को गणित और विज्ञान पढ़ने में कभी मन नहीं लगा, लेकिन वह अपने माता-पिता की इच्छाओं के खिलाफ नहीं जाना चाहता था। इसलिए, बोर्ड परीक्षा पूरी करने के बाद, मनोज को पोटा भेज दिया गया। पिछले कुछ वर्षों में प्रवेश परीक्षाओं के लिए कोचिंग केंद्र के रूप में पोटा की प्रतिष्ठा दूर-दूर तक बढ़ी है। पोटा में कोचिंग सेंटर्स की ऊंची फीस के बावजूद मनोज के माता-पिता का अपने बेटे को इंजीनियर बनाने का दृढ़ संकल्प अडिग था। इसलिए, कोचिंग संस्थान की उच्च फीस का भुगतान करने के लिए, मनोज के माता-पिता ने अपनी एकमात्र संपत्ति, पैतृक पारिवारिक जमीन गिरवी रख दी। मनोज ने अपने पिता को इसके खिलाफ समझाने की कोशिश की, लेकिन कोई फायदा नहीं हुआ।

अपने माता-पिता की आकांक्षा को पूरा करने के लिए, मनोज ने कड़ी मेहनत करना और अपना सर्वश्रेष्ठ देना शुरू कर दिया। हालाँकि, उनकी लगातार और ईमानदार कड़ी मेहनत के बावजूद, माॅक टेस्ट में उनका प्रदर्शन अच्छा नहीं रहा और वह न तो पोटा में शिक्षकों की अपेक्षाओं को पूरा कर सके और न ही घर पर अपने माता-पिता की अपेक्षाओं को पूरा कर सका। इसके अलावा स्कूल, दोस्तों और परिवार के माहौल से अलगाव के कारण भी मनोज उदास रहने लगे। इसके अलावा, पोटा में उन्हें प्रदर्शन कला में अपने शौक पूरे करने के लिए समय नहीं मिला। वह अपने तक ही सीमित रहने लगा और यहां तक कि अपने माता-पिता से फोन पर बात करने से भी कतराने लगा।

दो साल की कठिन कोचिंग व्यवस्था के बाद भी, मनोज की स्थिति अपरिवर्तित रही। स्थिति ऐसी आ गई कि मनोज को वार्षिक इंजीनियरिंग प्रवेश परीक्षा (ईईई) में असफल होने का डर सताता रहता था। वह इस बात से अवगत थे कि परीक्षा उनके परिवार के लिए कितनी बड़ी वित्तीय जोखिम पैदा करने वाली थी। इसी दबाव में मनोज ने ईईई की परीक्षा दी।

अंत में, परिणाम सामने आए और मनोज किसी भी प्रतिष्ठित इंजीनियरिंग कॉलेज में प्रवेश पाने में असमर्थ रहे। मले ही परिणाम मनोज के लिए अपेक्षित था, लेकिन इस एहसास ने कि वह परीक्षा में असफल हो गया है, उसे मानसिक रूप से कुचल दिया। मामले को और भी बदतर बनाने वाली बात वह निराशा थी जो मनोज ने फोन पर अपने माता-पिता की आवाज में देखी। मनोज अपने मन में एक अपराधी की तरह महसूस कर रहा था जिसने परिवार के दुर्लभ संसाधनों को बर्बाद कर दिया था। दबाव सहन करने में असमर्थ, मनोज ने अपने छात्रावास की इमारत से छलांग लगा दी। उन्होंने अपने माता-पिता से उनकी आकांक्षाओं को पूरा करने में असमर्थ होने के लिए माफी मांगते हुए एक नोट छोड़ा।

- मनोज के माता-पिता में किन गुणों की कमी है?
- किसी व्यक्ति के कौन से गुण उसे आत्महत्या जैसा चरम कदम उठाने से रोक सकते हैं?
- केस स्टडी में दर्शाए अनुसार शिक्षा प्रणाली के साथ विभिन्न नैतिक मुद्दे क्या हैं? (20 अंक, 250 शब्द)

The case represents the helplessness faced by Manoj because of his unsupportive parents. Parents too are compelled because of the demands of the society.

They are unable to assess what may have been the best course of action for their son. The NCRB data too reflects that suicide among youth is the leading cause of death.

(a) Qualities lacked by Manoj's parents are :-

- ① Affection and care towards their ward - They did not display affection during his tumultuous phase.
- ② Display of support - Parents should have supported him even when he failed the exam.
- ③ Lack of understanding - They do not realise that failure in exam can have an emotional bearing on their son.

④ Good communication skills -
Son was not able to confide
into his parents about his fears.

⑤ Optimism and positive attitude -
They did not analyse that
one exam alone cannot decide
the future of their child.

⑥ Tolerance and acceptance of diversity - They do not approve
a different career path for their
son.

(b) The qualities in a person
that can prevent him/her
from taking extreme step of
committing suicide are :-

① Courage - One needs to be
courageous to face consequences
of all actions. We see our
national leaders despite hostility
were never shattered.

② Positive outlook in life - focus on the good events rather than failures.

③ Forgiveness - No resentment in heart, it helps to relieve one-self of burden. One needs to forget his own failures too.

④ Non judgemental - One who does not blame others for failure is more content.

⑤ Empathy - Such a person understands that every individual has their fair share of problems.

⑥ Good communication skill - Such a person will share his problems with loved ones which will ease his/her burden.

⑦ Gratitude in individuals help them acknowledge various happenings in life.

In short it can be said that an individual with well developed emotional intelligence will not take such a step.

(C) Ethical issues with the education system are :-

- ① Less career option and good paying job in arts stream.
- ② Science being given undue attention while arts is not seen as a honourable job. One ignores that we have personalities like Lata Mangeshkar, Buda Chandraan from music and dance.
- ③ High fees charged by coaching institutes. Institutes focus on studies and not extra-curricular activities.
- ④ No counselling services for students. Over burdening with exams.
- ⑤ Exams are seen as the only barometer for success. Failing in exam means a person is to fail in life.
- ⑥ Parents believe that they can make choices for their children's career.

Ⓐ The focus should be on education that helps in overall development of child. Abraham Lincoln has talked about knowledge and character as necessary in education.

Q.9) Rajendra has been appointed as the General Manager of South Eastern Zone of the Indian Railways. After taking charge of his new posting, one of the first major shortcomings that Rajendra found in his jurisdiction was the gross shortage of staff, especially at operational level. Given the sensitive nature and importance of railways, Rajendra immediately apprised his seniors in the ministry about this issue. In his report, Rajendra pointed out that shortages at various positions are leading to an over-stretched workforce, which may become detrimental for the security of the freight and the passengers. However, Rajendra's report fell on deaf ears and no action was taken by Railways in this regard.

As fate would have it, a devastating train accident took place at Salasore, which fell under Rajendra's jurisdiction. Around 300 lives were lost and more than 1000 passengers were injured. The accident sent shock waves across the country and serious questions were being raised on railway safety. Given the seriousness of the incident, immediately an internal fact-finding committee was constituted under Rajendra.

The internal committee completed its enquiry and prima facie found "human error in signaling" as the cause of the accident. The accident, as per the committee, happened when two trains which erroneously, due to faulty signaling, were on the same track; the collision between the two trains derailed some bogies; the derailed bogies collided with yet another train that was running on the parallel track. The fact-finding team also highlighted that Anand, who was in charge of signaling, was working continuously for more than 16 hours, instead of his regular 8 hours shift. The report concluded "lack of adequate staff" as one of the major reasons behind the accident.

The very next day Rajendra was summoned by his superior in the ministry. Rajendra's superior congratulated him on the good and timely work on the report. However, he also asked him to modify the report by removing "lack of adequate staff" as one of the causes of the accident, as it showed Railways in a poor light. His superior further hinted that a lenient approach from Rajendra will bode well for his career. He also promised that Rajendra's cooperation in the matter will have a positive bearing on his request for a study leave. Moreover, the superior also reasoned with Rajendra that a rigid attitude may not bode well for him and he might get ostracized within the rank and file. Further, to make things 'easy' for Rajendra, his superior advised him to report Anand's negligence as the cause of the accident. However, Rajendra is aware that Anand is a very sincere and hard-working employee. He came out of the Chairman's office, dejected and undecided on his next course of action.

- What are the ethical concerns associated with the case study?
- What are the options available with Rajendra?
- If you were at the place of Rajendra, which option would you choose and why?

(20 marks, 250 words)

राजेंद्र को भारतीय रेलवे के दक्षिण पूर्वी क्षेत्र का महाप्रबंधक नियुक्त किया गया है। अपनी नई पोस्टिंग का कार्यभार संभालने के बाद, राजेंद्र को अपने अधिकार क्षेत्र में जो पहली बड़ी कमी दिखी, वह थी कर्मचारियों की भारी कमी, खासकर परिचालन स्तर पर। रेलवे की संवेदनशील प्रकृति और महत्व को देखते हुए, राजेंद्र ने तुरंत मंत्रालय में अपने बरिष्ठों को इस मुद्दे से अवगत कराया। अपनी रिपोर्ट में, राजेंद्र ने बताया कि विभिन्न पदों पर कमी के कारण कार्यबल अत्यधिक बढ़ गया है, जो माल दुलाई और यात्रियों की सुरक्षा के लिए हानिकारक हो सकता है। हालांकि, राजेंद्र की रिपोर्ट को अनसुना कर दिया गया और रेलवे द्वारा इस संबंध में कोई कार्रवाई नहीं की गई।

जैसा कि माग्य को मंजूर था, सालासोर में एक विनाशकारी ट्रेन दुर्घटना हुई, जो राजेंद्र के अधिकार क्षेत्र में आता था। लगभग 300 लोगों की जान चली गई और 1000 से अधिक यात्री घायल हो गए। इस दुर्घटना से पूरे देश में शोक की लहर दौड़ गई और रेलवे सुरक्षा पर गंभीर सवाल उठने लगे। घटना की गंभीरता को देखते हुए तुरंत राजेंद्र के नेतृत्व में एक आंतरिक तथ्यान्वेषी समिति का गठन किया गया।

आंतरिक समिति ने अपनी जांच पूरी की और प्रथम दृष्टया दुर्घटना का कारण 'सिग्नलिंग में मानवीय त्रुटि' पाया। समिति के अनुसार, दुर्घटना तब हुई जब दोषपूर्ण सिग्नलिंग के कारण गलती से दो ट्रेनों एक ही ट्रैक पर आ गयी थीं; दो ट्रेनों के बीच टक्कर से कुछ डिब्बे पटरी से उतर गए; पटरी से उतरे डिब्बे समानांतर ट्रैक पर चल रही एक अन्य ट्रेन से टकरा गए। तथ्यान्वेषी टीम ने इस बात पर भी प्रकाश डाला कि आनंद, जो सिग्नलिंग का प्रभारी था, अपनी नियमित 8 घंटे की शिफ्ट के बजाय, 16 घंटे से अधिक समय तक लगातार काम कर रहा था। रिपोर्ट में निष्कर्ष निकाला गया कि दुर्घटना के पीछे प्रमुख कारणों में से एक 'पर्याप्त कर्मचारियों की कमी' थी।

अगले ही दिन राजेंद्र को मंत्रालय में उनके वरिष्ठ अधिकारी ने बुलाया। राजेंद्र के वरिष्ठ ने उन्हें रिपोर्ट पर अच्छे और समय पर काम करने के लिए बधाई दी। हालाँकि, उन्होंने दुर्घटना के कारणों में से एक 'पर्याप्त कर्मचारियों की कमी' को हटाकर रिपोर्ट को संशोधित करने के लिए भी कहा, क्योंकि इसमें रेलवे को खराब स्थिति में दिखाया गया था। उनके वरिष्ठ ने आगे संकेत दिया कि राजेंद्र का उदार रुख उनके करियर के लिए अच्छा रहेगा। उन्होंने यह भी वादा किया कि इस मामले में राजेंद्र के सहयोग से अध्ययन अवकाश के उनके अनुरोध पर सकारात्मक प्रभाव पड़ेगा। इसके अलावा, वरिष्ठ ने राजेंद्र को यह भी समझाया कि कठोर रवैया उसके लिए अच्छा नहीं होगा और उसे रैंक और फाइल के भीतर बहिष्कृत होना पड़ सकता है। इसके अलावा, राजेंद्र के लिए चीजों को 'आसान' बनाने के लिए, उनके वरिष्ठ ने उन्हें दुर्घटना के कारण के रूप में आनंद की लापरवाही की रिपोर्ट करने की सलाह दी। हालाँकि, राजेंद्र जानते हैं कि आनंद एक बहुत ही ईमानदार और मेहनती कर्मचारी हैं। वह निराश होकर और अपने अगले कदम के बारे में अनिर्णीत होकर अध्यक्ष के कार्यालय से बाहर आये।

- केस स्टडी से जुड़ी नैतिक चिंताएँ क्या हैं?
- राजेंद्र के पास क्या विकल्प उपलब्ध हैं?
- यदि आप राजेंद्र के स्थान पर होते, तो आप कौन सा विकल्प चुनते और क्यों? (20 अंक, 250 शब्द)

The above mentioned case tells about an unfortunate incident causing loss of lives and injuries. The incident could have been avoided with timely actions but was left ignored. Further, the case depicts insensitivity of the Railways department to improve its working to avoid such incidents in future.

1a) ethical concerns with the case :-

- ① Shortage of staff and over-burdening of available staff
- ② Poor work culture - Seniors do not take heed of the concerns expressed by juniors.
- ③ Poor system of checks - A simple signalling issue could cause disaster of such a scale.
- ④ No transparency in assessing the cause of accident - internal fact finding committee casts a negative image in public eye.
- ⑤ Complete apathy towards junior employees to the extent that department is ready to blame him.
- ⑥ Focus is on cleaning image of department rather than justice to the victims.
- ⑦ Seniors are ready to collude and offer bribe to juniors -

a code of silence is being promoted in the department.

Hence, the issue here is that human lives are not being treated with dignity.

(b) The options available with Rajendra are :-

① Accept the directive of senior and change the details of report to avoid personal harm.

② Blame Anand as he is an easy target and quickly resolve the issue.

③ Refuse to change any details and submit the report.

④ Submit the report as it is while discussing it with higher echelons in the department and ensure that action is taken.

(c) If I was Rajendra, I would analyse all the options first

Option ① By changing the details as per senior I would follow his directive, but compromise with my value system. I would carry the guilty of denial of justice to the victims.

Option ② By blaming Anand, I would be free of this stupendous task and in return also get a promising career. However, this would result in a spoil system and reinforce such a behaviour. Moreover, it would demoralize sincere employees like Anand.

Option ③ By refusing to change details I would develop a confrontationalist attitude towards department. My report could be ignored as it seems the majority of the members in department are against the report. Hence, none of the above options would be chosen by me because it

will not help to uncover the wrong and prevent such incidents in future.

I would choose option (4) along with additional steps.

(i) I would raise issue with superior's superior so that due attention is paid.

(ii) I would see that action is taken against the report. In case objections are raised about biasness, I would urge an external impartial body to prepare a report.

(iii) I would also complain against the superior after I have explained him the consequences of his action. If he is willing to co-operate I would work with him to improve the condition of department.

I would further see that appointments are made and system to alert signalling error is installed.

Q.10) Grander Neobar Island is one of the world's most important biodiversity hotspots. Covered by thriving rainforest, the Island hosts a vast diversity of flora and fauna, many of which are endemic in nature. The Island is also known for being home to some of the Particularly Vulnerable Tribal Groups (PVTGs). For years, the region has been preserved for its ecological and cultural importance. Besides its environmental richness, the Grander Neobar is also particularly unique for its geo-strategic importance. The position of the Island in the Indian Ocean makes it ideal for gaining strategic leverage over the country's adversaries in the region.

Grander Neobar Development Project (GNDP) is a security and infrastructure project proposed for the southern tip of the island. The project is important for economic benefits such as logistics, commerce, industry, and coastal tourism. GNDP includes an international container transshipment terminal, a greenfield international airport, township development, and a gas- and solar-based power plant together occupying over a large area in the island.

Though touted as vital for country's economic growth and strategic presence in the region, some NGOs have been protesting against the project for its high environmental cost. The NGOs claim that the project would require cutting down of more than 900,000 trees of the rainforest biome, which are a prime source of carbon sequestration. Further, the loss of tree cover will not only affect the flora and fauna on the island, but it will also lead to increased runoff and sediment deposits in the ocean, impacting the coral reefs in the area. Also, the influx of outside population is expected to impose a significant ecological pressure on the island and its surroundings. The PVTGs residing in the Island for centuries may lose their traditional rights over land, and may also face undue interference in their culture and practices. As per some experts, as PVTGs are secluded from mainland since time immemorial, a sudden contact with outside population may pose grave health risks in forms of various infections. It is also being highlighted that the project is in contradiction to the government's vision to promote a sustainable world and a climate friendly lifestyle.

However, the supporters of the project firmly believe that the project is essential, given its strategic importance for the country. The supporters of the project reason that since other countries also host several military bases in the region, India cannot afford to remain absent from this strategic backyard. Further, as per the advocates of the project, presence of a robust security infrastructure can check the oft-occurring incidents of piracy, cementing the country's role as the net security provider in the region. Moreover, the proponents of the development project argue that Grander Neobar is located close to one of the busiest choke points in the global trade route, and neglecting its development may run counter to country's trade and security interests. Also, as per a government think tank's report, the proposed port will allow Grander Neobar to participate in the regional and global maritime economy by becoming a major player in cargo transshipment and a delay in the same may have the effect of losing the competitive advantage.

- a) What are the key ethical concerns present in the above case study?
b) According to you between the twin objectives of development and conservation what should be given more priority and why? (20 marks, 250 words)

ग्रैंडर नियोबार द्वीप दुनिया के सबसे महत्वपूर्ण जैव विविधता वाले हॉटस्पॉट में से एक है। समृद्ध वर्षावन से आच्छादित, यह द्वीप वनस्पतियों और जीवों की एक विशाल विविधता का घर है, जिनमें से कई की प्रकृति स्थानिक हैं। यह द्वीप कुछ विशेष रूप से कमजोर जनजातीय समूहों (पीवीटीजी) का घर होने के लिए भी जाना जाता है। वर्षों से, इस क्षेत्र को इसके पारिस्थितिक और सांस्कृतिक महत्व के लिए संरक्षित किया गया है। अपनी पर्यावरणीय समृद्धि के अलावा, ग्रैंडर नियोबार अपने भू-रणनीतिक महत्व के लिए भी विशेष रूप से अद्वितीय है। हिंद महासागर में द्वीप की स्थिति इसे क्षेत्र में देश के विरोधियों पर रणनीतिक लाभ उठाने के लिए आदर्श बनाती है।

ग्रैंडर नियोबार डेवलपमेंट प्रोजेक्ट (जीएनडीपी) द्वीप के दक्षिणी सिरे के लिए प्रस्तावित एक सुरक्षा और बुनियादी ढांचा परियोजना है। यह परियोजना रसद, वाणिज्य, उद्योग और तटीय पर्यटन जैसे आर्थिक लाभों के लिए महत्वपूर्ण है।

जीएनडीपी में एक अंतरराष्ट्रीय कंटेनर ट्रांसशिपमेंट टर्मिनल, एक ग्रीनफील्ड अंतरराष्ट्रीय हवाई अड्डा, टाउनशिप विकास और एक गैस और सौर-आधारित बिजली संयंत्र शामिल हैं, जो द्वीप के एक बड़े क्षेत्र पर स्थित हैं। हालांकि इसे देश की आर्थिक वृद्धि और क्षेत्र में रणनीतिक उपस्थिति के लिए महत्वपूर्ण माना जा रहा है, लेकिन कुछ गैर सरकारी संगठन इसकी उच्च पर्यावरणीय लागत के कारण इस परियोजना का विरोध कर रहे हैं। गैर सरकारी संगठनों का दावा है कि इस परियोजना के लिए वर्षावन बायोम के 900,000 से अधिक पेड़ों को काटने की आवश्यकता होगी, जो कार्बन पृथक्करण का एक प्रमुख स्रोत हैं। इसके अलावा, वृक्षों के आवरण के नष्ट होने से न केवल द्वीप पर वनस्पतियों और जीवों पर असर पड़ेगा, बल्कि इससे समुद्र में अपवाह और तलाछट के जमाव में भी वृद्धि होगी, जिससे क्षेत्र में प्रवाल भित्तियाँ प्रभावित होंगी। साथ ही, बाहरी आबादी के आगमन से द्वीप और उसके आसपास महत्वपूर्ण पारिस्थितिक दबाव पड़ने की आशंका है। सदियों से द्वीप में रहने वाले पीवीटीजी भूमि पर अपने पारंपरिक अधिकार खो सकते हैं, और उन्हें अपनी संस्कृति और प्रथाओं में अनुचित हस्तक्षेप का भी सामना करना पड़ सकता है। कुछ विशेषज्ञों के अनुसार, चूंकि पीवीटीजी प्राचीन काल से ही मुख्य भूमि से विलग निवास करते हैं, बाहरी आबादी के साथ अचानक संपर्क विभिन्न संक्रमणों के रूप में गंभीर स्वास्थ्य जोखिम पैदा कर सकता है। इस बात पर भी प्रकाश डाला जा रहा है कि यह परियोजना एक स्थायी विश्व और जलवायु अनुकूल जीवन शैली को बढ़ावा देने के सरकार के दृष्टिकोण के विपरीत है। हालांकि, परियोजना के समर्थकों का भरोसा है कि देश के लिए इसके रणनीतिक महत्व को देखते हुए यह परियोजना आवश्यक है। परियोजना के समर्थकों का तर्क है कि चूंकि अन्य देश भी इस क्षेत्र में कई सैन्य अड्डों की मेजबानी करते हैं, इसलिए भारत इस रणनीतिक क्षेत्र में अनुपस्थित रहने का जोखिम नहीं उठा सकता है। इसके अलावा, परियोजना के समर्थकों के अनुसार, एक मजबूत सुरक्षा बुनियादी ढांचे की उपस्थिति से समुद्री घुसपैठ की बार-बार होने वाली घटनाओं पर अंकुश लगाया जा सकता है, जिससे क्षेत्र में सकल सुरक्षा प्रदाता के रूप में देश की भूमिका मजबूत हो सकती है। इसके अलावा, विकास परियोजना के समर्थकों का तर्क है कि ग्रैंडर नियोजन वैश्विक व्यापार मार्ग में सबसे व्यस्त चोक पॉइंट्स में से एक के करीब स्थित है और इसके विकास की अपेक्षा करना देश के व्यापार और सुरक्षा हितों के विपरीत हो सकता है। इसके अलावा, एक सरकारी थिंक टैंक की रिपोर्ट के अनुसार, प्रस्तावित बंदरगाह ग्रैंडर नियोजन को कार्गो ट्रांसशिपमेंट में एक प्रमुख खिलाड़ी बनकर क्षेत्रीय और वैश्विक समुद्री अर्थव्यवस्था में भाग लेने की अनुमति देगा और इसमें देशी से प्रतिस्पर्धात्मक अवसर खोने का असर हो सकता है।

a) उपरोक्त मामले के अध्ययन में मौजूद प्रमुख नैतिक चिंताएँ क्या हैं?

b) आपके अनुसार विकास और संरक्षण के दोहरे उद्देश्यों में से किसे अधिक प्राथमिकता दी जानी चाहिए और क्यों? (20 अंक, 250 शब्द)

As India aims to become a \$5 trillion economy, rapid growth also brings concern of increasing pressure on scarce land resources. In the above case too there are competing demands - conservation of nature vs. growth and security of nation.

(a) The key ethical concerns in the above case study are :-

- (i) Rights of the PVTG groups who have lived in island since time immemorial.
- (ii) Development of PVTG according to their own standards. Development of island should not cause them health risk or loss of livelihood.
- (iii) Strategic goal of securing the island. Eliminating cases of piracy.
- (iv) Aim of government to work for public welfare such as better trade networks, tourism hotspot which would result in change in pastoral landscape.
- (v) Imbalance in ecosystem feared due to deforestation and population influx.

(vi) Rights of animals and right of natural bodies to maintain itself may be hampered.

(vii) Goals of adopting sustainable lifestyle may face damage — India has been promoting Mission LIFE.

(viii) Reports have not been widely publicised. A consensus between different groups has not been achieved.

(ix) Priority to India's aim of net security provider is to surpass other concerns.

(b) For a country it is necessary to ensure development and environment-conservation at the same time. In today's scenario the discussion should not be to choose either of the above.

The development should include conservation. This can be ensured through

① ~~eco~~ Environmental impact assessment of project - Analyse the risk and suggest best course of action

② Options like Compensatory Afforestation - in case of deforestation

③ Tribal Panchsheel - development while protecting rights of tribals - giving priority to only conservation and not development would mean :-

① India as a whole cannot aspire higher growth. Many forested areas in Central Area are protected. However, with low development the tribals feel alienated.

This has led to the growth of Left Wing Extremism → affects security of nation .

Only focusing on ~~env~~ development would mean :-

① Destruction of environment
Eg. Recent land subsidence in Jodhpur has been linked to unsustainable growth of city .

Hence, the twin objectives have to be focused without undue priority to any. A development which divorces environment may not bring long lasting benefits to all .

Q.11) Mr. Gopal Mahto is the sitting Chief Minister of one of the most populous states in India. He is a young and dynamic leader, popular not just in his state but across the country. Many political analysts opine that he has the potential to become Prime Minister of India in future. One day, the CM was taking a review meeting of law-and-order situation in the state, with senior officials in the state capital. Suddenly he felt a light pain in his abdomen. The CM had been feeling such bouts of pain since a long time, but like always he neglected it this time too, and continued with the meeting. However, in the next few weeks, the intensity of pain increased and the CM was forced to see a doctor. After initial examination, the doctor gave some medicines and prescribed few tests. After few days, the report came and it showed that the CM is suffering from 'Liver Cirrhosis.' It was in the advanced stage and posed a threat to the life of Mr. Mahto. The doctor told that the only option was the liver transplant without any further delay.

In apprehension that it may create chaos among the general public, particularly the supporters of the CM and his party, it was decided to not make the news public. Only very few senior functionaries at the centre and state along with medical staff were aware of the situation. Meanwhile, the Health Minister of the State directed the State's Health Secretary to take necessary actions, coordinate with medical staff and arrange for liver transplant for the CM.

The next day, the Health Secretary called the State Director General (DG), Health, who is the competent authority, dealing with the matters related to organ transplantation in the state. The DG, Renuka was informed of the situation and directed to make immediate arrangement for liver transplant. However, Renuka told the Secretary that there is a laid down Standard Operating Procedures (SOPs) regarding organ transplantation. She informed him that there is already a patient named Sunil at first position in the waiting list, who also requires urgent liver transplant. The health secretary is also informed that Sunil is left with a very short time window for a successful transplantation. Sunil is 35 years old, a father of two, and the sole bread winner of the family of six that also includes his wife and aging parents. Sunil's family is of limited means and often found it rather difficult to cater even for their needs. Also, various medical costs associated with Sunil's conditions have further worsened the financial condition of the family.

Renuka further informs the secretary, as per SOP, the CM would be at the second position in the waiting list. As a matter of chance, Renuka receives a phone call from one of her subordinates. She informs Renuka that a liver has been donated by family of an old person, who died his natural death. After relevant tests, it was found that the available liver is fit for Sunil. Incidentally, the liver also fits the medical profile of the CM. Renuka immediately intimates the secretary about this development.

Even though all the facts with regard to the SOP are explicitly clear, the secretary still tries to persuade Renuka for bending the rule in favor of Mr. Gopal Mahto. He explains that if anything untoward happens to the CM, it may lead to chaos and instability in the State. It may also require fresh elections which will be a drain on state exchequer and a drag on the governance process. He also hinted that if Renuka 'bent' the rule, this will be favorable for her career growth in the future. Further, to ease Renuka's conscience, the health secretary assured her that her actions are in larger interest of the state as well as the country. He also reasoned that if Sunil fails to receive a healthy liver in time, he will personally ensure that Sunil's family is well taken care of, and an eligible member of his family is accorded with a government job.

Meanwhile, the time is running out for both Sunil and the CM.

- What are the ethical concerns associated with the above case study?
- What are the options available with Renuka? Analyse the merits and demerits of the options?
- If you were at the place of Renuka, which option would you choose and why?

(20 marks, 250 words)

Despite one of the largest population in world, India faces shortage of organ transplantation as enough number of donors are not available. There is limited awareness regarding organ donation and it remains a taboo.

In the above case, the CM is being given greater priority despite the fact that life of every individual is equally valuable.

(a) The ethical concerns associated with the above case are :-

- ① Tendency to ignore symptoms given by body. Preventive care is ignored often leading to greater complications.
- ② Prevalence of deadly diseases like 'Liver cirrhosis'. Not enough surveys and checks to detect it.

in population .

③ Shortage of organs for donation while demand is high .

④ High medical costs associated with organ transplant .

⑤ Tendency to prioritize CM's life at the cost of an ordinary citizen

⑥ Department is willing to circumvent rules - displays lack of commitment towards duty .

⑦ Bribery offered to Renuka for a compromise - institutionalised corruption .

(b) The options available with Renuka are: -

① Accept the directive of secretary of offer liver to the CM .

Merits

→ CM's life is saved. State is saved from instability
→ A# Renuka is assured of personal benefits

Demerits

→ Sunil will die since he has no other options
→ Inner remorse of going against rules

② Go with the standard Operating Procedure and ignore the Secretary's directive

Merits

→ No dereliction of duty
→ Sunil can lead healthy life

Demerits

→ Hostile attitude of secretary may hamper work environment.
→ CM faces risk.

③ Raise the issue with CM so that he understands the g#r tough situation.

Merits

→ A proper decision can be taken ensuring Sunil's health too

Demerits

→ Long and cumbersome process. Difficult to meet CM.

(c) If I was in place of Renuka I would choose option (3) along with additional course of actions

(1) Seek to personally meet CM and explain him the situation. This would ensure that I follow the SOP and Sunil gets the liver

(2) I could suggest a review by medical board if possible which will give better idea to recheck the waiting list option.

(3) I would explain CM that he can go public if needed about his disease, this would ensure other donors come up. His transplant can take place as well as awareness regarding organ donation will also take place

(4) By informing CM, I would bring to light the poor work culture in Health department too.

Maintaining complete impartiality is the supreme duty of a civil servant.

Q.12) Mr X is travelling by road with his family to attend a marriage ceremony. His grandfather, who is the head of the family is also travelling with him.

On the way to their destination, all of them stop at a road side restaurant for lunch. This is a well-known restaurant owned by one of the friends of Mr X. The place is known for its tasty and hygienic food.

However, the grandfather notices a picture on the wall of the restaurant and enquires about the religion of the restaurant owner. Mr X's friend belongs to a religion different from the grandfather's religion. The grandfather has a negative attitude towards the religion of Mr X's friend and he insists that he will not eat in that restaurant. He demands that the entire family should leave the restaurant immediately as they are travelling for a happy occasion and eating at this particular restaurant will pollute them. Mr X tries to calm down his grandfather and explain to him that religion has nothing to do with purity or pollution. He also reasons that several travel magazines have rated the restaurant highly, especially for its superior hygiene standards. Also, he points out that there is no restaurant in the way for the next 100 Km and it will be difficult for all to make do without food for that long. However, his arguments fall on deaf ears, and which is more his grandfather admonishes him for bringing the family to the restaurant despite being aware about the religion of the owner. Mr X's friend feels insulted and discriminated against due to his religion. Mr X's father is upset but refuses to say anything out of respect for the grandfather. Entire family is embarrassed by the attitude of the grandfather and they are getting ready to leave the restaurant. Mr X is confused regarding how he should act in this situation.

- What are the various ethical issues in the above case study?
- Imagine yourself in the place of Mr X. Evaluate the different courses of actions available with you. What is the most suitable course of action? (20 marks, 250 words)

मिस्टर X एक विवाह समारोह में भाग लेने के लिए अपने परिवार के साथ सड़क मार्ग से यात्रा कर रहे हैं। उनके दादा, जो परिवार के मुखिया हैं, भी उनके साथ यात्रा कर रहे हैं। अपने गंतव्य के रास्ते में, वे सभी दोपहर के भोजन के लिए सड़क किनारे एक रेस्तरां में रुकते हैं। यह मिस्टर X के दोस्तों में से एक के स्वामित्व वाला एक प्रसिद्ध रेस्तरां है। यह स्थान अपने स्वादिष्ट और स्वच्छ भोजन के लिए जाना जाता है।

हालाँकि, दादाजी ने रेस्तरां की दीवार पर एक तस्वीर देखी और रेस्तरां के मालिक के धर्म के बारे में पूछताछ की। मिस्टर X का दोस्त दादा के धर्म से अलग धर्म का है। वह मांग करता है कि पूरे परिवार को तुरंत रेस्तरां छोड़ देना चाहिए क्योंकि वे एक खुशी के अवसर के लिए यात्रा कर रहे हैं और इस विशेष रेस्तरां में खाने से वे अपवित्र हो जाएंगे। मिस्टर X अपने दादाजी को शांत करने की कोशिश करते हैं और उन्हें समझाते हैं कि धर्म का पवित्रता या अपवित्रता से कोई लेना-देना नहीं है। उनका यह भी कारण है कि कई यात्रा पत्रिकाओं ने रेस्तरां को उच्च दर्जा दिया है, खासकर इसके बेहतर स्वच्छता मानकों के लिए। साथ ही, वह बताते हैं कि अगले 100 किलोमीटर तक रास्ते में कोई रेस्तरां नहीं है और इतने लंबे समय तक भोजन के बिना गुजारा करना सभी के लिए मुश्किल होगा। हालाँकि, उनकी दलीलें अस्वीकार हो जाती हैं, और इसके अलावा उनके दादाजी उन्हें मालिक के धर्म के बारे में जानकारी होने के बावजूद परिवार को रेस्तरां में लाने के लिए डांटते हैं। मिस्टर X का दोस्त अपने धर्म के कारण अपमानित और भेदभाव महसूस करता है। मिस्टर X के पिता परेशान हैं लेकिन दादाजी के सम्मान में कुछ भी कहने से इनकार करते हैं। दादा के रवैये से पूरा परिवार शर्मिंदा है और वे रेस्तरां छोड़ने की तैयारी कर रहे हैं। मिस्टर X इस बात को लेकर असमंजस में हैं कि उन्हें इस स्थिति में कैसे कार्य करना चाहिए।

- उपरोक्त मामले के अध्ययन में विभिन्न नैतिक मुद्दे क्या हैं?
- मिस्टर X के स्थान पर खुद की कल्पना कीजिए। आपके पास उपलब्ध कार्यों के विभिन्न पाठ्यक्रमों का मूल्यांकन कीजिए। कार्रवाई का सबसे उपयुक्त तरीका क्या है? (20 अंक, 250 शब्द)

The case represents the prevailing set of prejudices which leads to feelings of hatred and suspicion. This in turn is against the spirit of unity of nation.

(a) The various ethical issues involved in the case study are.

- ① Rigidity displayed by grandfather in his mind rather than rationality.
- ② Meek compliance by son and other family members.
- ③ Age old notions of purity or pollution which is against our constitutional values and human rights.
- ④ Concept of us vs them which divides the society.

⑤ Such notions affect the occupational choices of individuals - restaurant may earn less revenue.

(b) If I was in place of Mr X, I would experience ~~so~~ a sense of inner guilt as my family actions bring insult to my friend.

The different courses of actions with me are:

① Accept my grandfather's view and leave the place.

Merits

grandfather's false notion of purity stays intact

Road trip remains peaceful

Demerits

Against the dignity of my friend.

My mind and soul remains turbulent.

② Develop a confrontational attitude, refuse to move, compel everyone to eat.

Merit

→ My friend is not witness to the inequality

→ Everyone is well fed and ready for trip

Demerit

→ Forcing someone is trampling their right to choose

→ Grandfather remains hanging

③ Make an excuse to my friend on other grounds, eat myself a bit of food and leave

Merit

→ My friend is not insulted

Demerit

→ Discriminatory behaviour is reinforced

④ Explain in detail the actions of my grandfather.

Seek support of family members.

Merit

→ A thoughtful discussion can simplify the situation

Demerit

→ Delay in roadtrip

I would choose option ④ along with few additional steps as all the options from ① to ③ do not address the core issue of discrimination.

My course of action would be ④ along with a detailed discussion. I would calmly explain my grandfather that in today's world such practices do not hold true. Such display of discrimination can also lead to police complaints by aggrieved individuals.
