निम्नलिखित गद्यांश को ध्यान से पढ़िए तथा प्रश्न संख्या 9 से 13 तक के उत्तर इस गद्यांश के आधार पर ही दीजिए।

बड़े-बड़े उत्थान और बड़ी-बड़ी क्रान्तियाँ प्रायः भाषा के सहारे ही होती हैं। भाषा ही लोगों को बहकाकर मनुष्यत्व की सीमा से निकालकर हिंसक पशुओं तक के वर्ग में ले जाती है और भाषा ही उन्हें कुमार्ग से हटाकर सन्मार्ग पर लाती है और पाप से विमुख करके पुण्य कार्यों में लगाती है। भाषा की शक्ति अपरिमित और अमोघ है। अच्छी भाषा में जादू का असर, संगीत का माधुर्य और तलवार की शक्ति होती है। इसीलिए अंग्रेजी में एक कहावत सी बन गयी है, जिसका आशय है तलवार से भी बढ़कर शक्तिशालिनी कलम है। इस कथन में 'कलम' लिखित भाषा की प्रतीकमात्र है। हमारे यहाँ तो उसे और भी अधिक ऊँचा स्थान दिया गया है। हम उसे सरस्वती देवी का रूप मानते हैं। अतः जो लोग बड़े बनना चाहते हों, या बड़े काम करना चाहते हों, उन्हें पहले अपनी भाषा की ओर ध्यान देना चाहिए।

Direction (Q. Nos. 36 to 40): Read the passage below and then answer the questions that follow.

It has been part of Nelson's prayer that the British fleet might be distinguished by humanity in the victory which he expected. Setting an example himself, he twice gave orders to cease firing upon the Redoubtable, supposing that she had struck because her great guns were silent; for as she carried no flag, there was no means of instantly ascertaining the fact. From this ship, which he had thus twice spared, he received his death. A ball fired from her mizzen-top, which, in the then situation of the two vessels, was not more than fifteen yards from that part of the deck where he was standing, struck the epaulette on his left shoulder about a quarter after one, just in the heat of action. He felt upon his face on the spot which was covered with his poor secretary's blood. Hardy, who was few steps away from him turning round, saw three men raising him up.

"They have done for me at last, Hardy I said he. "I hope not !" cried Hardy. "Yes", he replied, "my backbone is shot through I" Yet, even now, not for a moment losing his presence of mind, he observed as they were carrying him down the ladder, that the tiller-ropes which had been shot away, were not yet replaced and ordered that new ones should be roped immediately. Then that he might not be seen by the crew, he took out his handkerchief and covered his face and his stars. Had he but concealed these badges of honour from the enemy, England perhaps would not have had cause to receive with sorrow the news of battle of Trafalgar. The cockpit was crowded with wounded and dying men; over whose bodies he was, with some difficulty, conveyed and laid upon a pallet in the midshipmen's berth. It was soon perceived, upon examination, that the wound was mortal. This, however, was concealed from all, except Captain Hardy, the Chaplain, and the medical attendants. He himself, being certain, from the sensation in his back and the gush of blood felt momentarily within his breast, that no human care could avail him, insisted that the surgeon should leave him. and attend to those to whom he might be useful.

Q.36) Why did Nelson insist that the surgeon should leave him and attend to others?
