Orientation: 25th October 2025, Saturday, 4PM

Class commencement: 30th October 2025, Thursday, 4 PM

Because it takes more than just a test series to clear the mother of all examinations.

What is the problem we are trying to solve?

The nature of Prelims examination has been ever evolving. This requires not just a reading of the basic text, but also understanding of advanced concepts, coverage of new areas from which questions are asked. But this isn't enough - what one also needs is knowing the ways and means to attempt prelims questions and developing the aptitude to tackle them in the actual exam over a period of time.

People who clear Prelims are not just the ones who have done static and current well. It is also not those who only *know* how to solve the prelims questions - because a strategy that works one year does not work the other year.

At ForumIAS, we should know.

For we have ***helped thousands of students*** clear the Prelims after not clearing it for 2, 3, 4 years.

People who clear prelims - and they do so every year - are the ones - who understand the demand of the examination and have covered the basics, clarified the advanced, mastered ways and means to attempt the paper, and practiced well in advance to rehearse before the final exam.

In short, there is a rigorous process before you outcompete nearly 98% of the people to find your name in the Mains appearing List.

Remember - there is no mains, no optional, no interview for us - and practically all our efforts are wasted if we do not clear the prelims. It is for this reason; it is said that Prelims is the passport to the Mains examination.
