## EXAMINER'S REMARKS

### CRITERIA FOR THE FEEDBACK SECTION AT THE END OF EACH QUESTION

1. **AWIS = Answered What is Asked.** This means whether you have addressed the core demand of the question or not. Addressing the core demand of the question gets you an objectively fair score. It is examiner's perception if you have understood the question and if you know the answer in the first place. Creative answer writing, sometimes missing the core demand, may fetch very high or very low scores, and exposes your answer to the subjectivity of the examiner.
2. **CD & VA = Content Density & Value Addition.** Examiner will evaluate the quality and quantity of your content in the answer. In the same word limit and space limit have you (a) written what is asked (b) gone beyond what is asked (c) enriched answers through combination of ( but not all!) suggestions, ideas, quotes, flowcharts, diagrams, facts and figures, data etc. This affects objective components of assessment.
3. **S & F = Structure & Flow =** Whether you have structured your answer properly or not. Whether the answer has been broken into parts and sub-parts and each part has been addressed appropriately or not. Whether the flow of the answer is maintained. Affects both subjective and objective components of assessment.
4. **P & R =** How your answer performs on the criteria of **presentation, ease of read, clarity and apparent effort** in writing the answer. This affects the subjective components of assessment.

Q.1) "India's democratic roots are deeply embedded in its ancient civilizational ethos." Discuss in the context of India being referred to as the 'Mother of Democracy'. (10 marks, 150 words)

"भारत की लोकतांत्रिक जड़ें इसकी प्राचीन सभ्यतागत प्रकृति में गहराई से समाहित हैं।" भारत को 'लोकतंत्र की जननी' कहे जाने के संदर्भ में चर्चा कीजिए। (10 अंक, 150 शब्द)

Recently G-20 in India was held with celebration of India as "Mother of democracy"

India's democratic ethos embedded in civilizational ethos

① Culture of debate, discussion and deliberation part of Indian ethos

eg Argumentative Indian (Amanya Sen)

② Idea of representative democracy rooted in Indian history

③ Labeling of electoral systems

eg Kudamalai system (Uttamerur inscription)

④ Substantive democracy - inclusive culture giving voice to marginalized

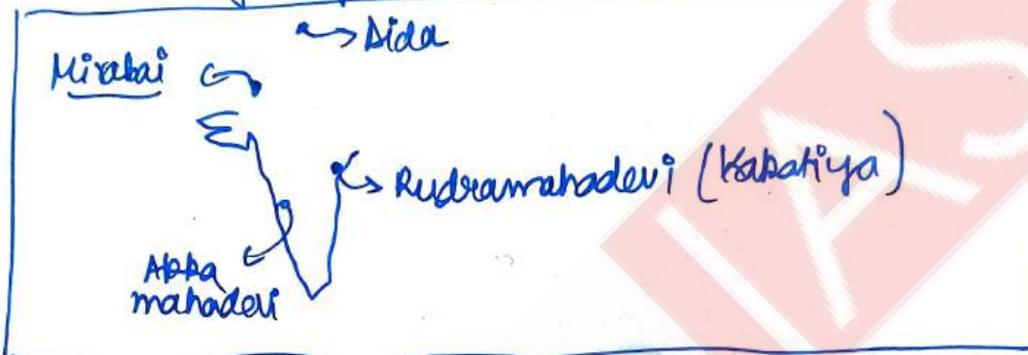

Fig: Origins of modern version of 60th amendment, when women voices were mainstream

⑤ Ideas of liberty (eg) Raja Rammohan Roy  
 +  
equality (eg) Kabir  
 +  
Fraternity → Vasudhaiva Kutumbakam

concerns also embedded in culture

→ Hierarchical society  
 (Ambedkar)'s critique - democracy as top soil  
 → Divine theory of kings (Kautilya)

Nevertheless, the spirit of democracy is deeply embedded, concerning rightfully mother (if American Revolution is father)

Q.2) Elucidate the significance of tiger and elephant figures in Indian mythology, art and architecture. (10 marks, 150 words)

भारतीय पौराणिक कथाओं, कला और वास्तुकला में लघ और हाथी की आकृतियों के महत्व पर प्रकाश डालिए।

(10 अंक, 150 शब्द)

Floora and fauna are integral part of Indian culture - thus they're seen embedded in cultural expressions

## elephant figure

### Architecture

- ① Symbol of fertility (eg) Maya's dream
- ② Reflects power & grandeur (eg) Sarnath elephant

### Art

- ① Jataka tale art on <sup>sarathi</sup> Stupa
- ② Mural paintings (eg) Bagh cave

### Mythology

- ① Religious significance - <sup>(eg)</sup> Puri temple odisha (still followed with Mahout)

## Tiger's significance

### Architecture

- ① Numismatics and pillars of Uppas  
- reflecting strength

### Mythology

- ① Vehicle of goddesses eg Shivali ma

### Art

- ① Integral to conception of Bhanat Mata  
eg Abanindranath Tagore's painting

Both these symbolic figures remain relevant today, with tiger as national animal and elephant as national heritage animal. Project Tiger & Project Elephant reflects ongoing efforts.

Q.3) The arrival of Lord William Bentinck marked a period of transformation in the British Indian State. Discuss. (10 marks, 150 words)

लॉर्ड विलियम बेंटिक के आगमन ने ब्रिटिश भारतीय राज्य में परिवर्तन की अवधि को चिह्नित किया। चर्चा करें।

(10 अंक, 150 शब्द)

Lord Bentinck was first Governor General of India that came to power in 1820.

Marked a symbolic transformation in British India

① Start of social interventions in Indian society

② belief in education as tool of coloniality perpetuation [1813 Charter Act] - 1 ₹ lakh debate opened up

③ Women reform advocacy - brought hesitant state to further reforms  
 (eg) Slavery Abolition Act, 1829

(Don't Write in this Area)

④ Pivot to collaborative governance model with "brown men english in blood"

④ plan to divide Indian society with piecemeal reforms

⑤ Strengthened Cause of Moderates (Prayer, Petition, Propaganda via Press)

⑥ Centralization of British Indian State

However,

substantial changes did NOT occur

→ New forms of perpetuating power

→ Reforms as conduit of divide and rule

→ Imperialism (Drain of wealth) picked pace owing to industrial revolution

→ Global imperial wars still financed by Indian exchequer

Thus Bentick's role was furthered by Morley in 1833 minute, and Charter Act [1833, 1853] that offered little substantive returns.

Q.4) Explain how the American War of Independence deprived Great Britain of one empire, but it strengthened the foundations of another. (10 marks, 150 words)

समझाइए कि किस प्रकार अमेरिकी स्वतंत्रता संग्राम ने ग्रेट ब्रिटेन को एक साम्राज्य से वंचित कर दिया, लेकिन दूसरे साम्राज्य की नींव को सशक्त किया। (10 अंक, 150 शब्द)

"No taxation without representation"

The war raged from across the Atlantic in 1773 led to ripple effects across the globe.

American war of independence deprived British

- 13 colonies won over British army
- Strengthened cause of French in Canada
- Loss of military stalwarts like Asthen Wellesley

But it strengthened foundations of another

① Brought focus on Indian possessions

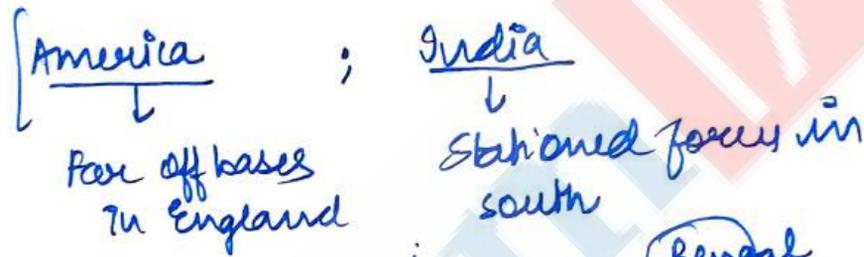

② Pitt's India Act 1784

③ Armed British army to fight wars against princely states

(Anglo-Maratha Wars, Anglo-Mysore Wars, Anglo-Sikh Wars)

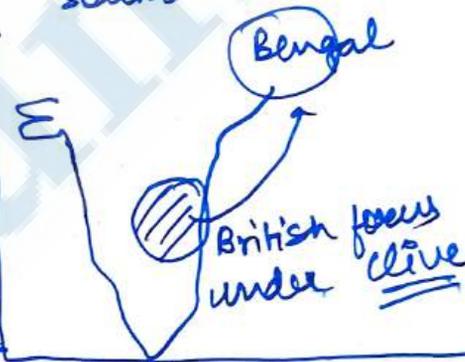

④ Lessons learnt from America applied on Indian soil  
 - (a) gradual representation reforms  
 (Lord Mayo)

⑤ Fortification of deployment reserves

⑥ Augmented faith in treaty relations

(a) Ring fence  
Subsidiary alliances

all strengthened the strategic deployment  
 british dominion

however,  
 American war also weakened British;

inspired freedom struggle

→ Deccan riots (cotton related issues)

→ Inspiration of "life, liberty, and pursuit of happiness")

→ Bill of rights

later American land also contributed to revolutionary fervour of India (Gopalan)

Q.5) What are Rare Earth Elements (REEs)? Discuss the multi-dimensional implications of uneven distribution of REEs in the world. (10 marks, 150 words)

दुर्लभ मृदा तत्व (REEs) क्या हैं? विश्व में REEs के असमान वितरण के बहुआयामी प्रभावों पर चर्चा करें। (10 अंक, 150 शब्द)

Rare earth elements are comprised of 15 lanthanoids and scandium + yttrium element of periodic table

Rare earth	<input checked="" type="checkbox"/> Rare to find
	<input checked="" type="checkbox"/> Difficult to viably mine

Uneven distribution in world

Implications

Geostrategic

- ① Resource weaponization (eg) China holding off sale of rare earths to US - putting Trump Tariffs on effective pause

- ② Resource security concerns - as supply chain has been monopolized (eg China)

## Economic

- ① Shift to just-in-case supply chains from just-in-time
- ② Delays in global value chain
- eg supply chain bottlenecks in China

## Social

- ① Concentration of blood minerals practices in developing countries
- ② Accentuates the divide between social groups in possession of mineral rich areas eg ARC fighting over rare-earth rich areas

Way forward

- Supply chain diversification eg Mineral security partnership
- Indigenous boost to exploration  
eg Reasi district finds; Kabil

These chips of future, in south America  
needs secure rare earth supplies

Q.6) Highlight the salient differences between the Himalayan and the Peninsular drainage Systems. (10 marks, 150 words)

हिमालयी और प्रायद्वीपीय अपवाह प्रणालियों के बीच प्रमुख अंतरों पर प्रकाश डालिए।

(10 अंक, 150 शब्द)

Indian subcontinent is home to multiple drainage systems, chief of which being

Himalayan

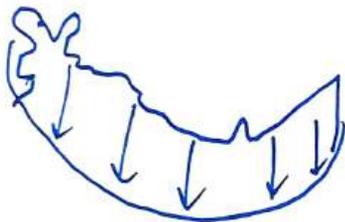

Fig: drainage of Himalayan rivers

- ① covers entire northern plains
- ② Perennial rivers as source (eg Ganga, Yamuna)
- ③ Regular alluvial deposition - giving rise of plains in anti-synclines
- ④ Relative absence of radial; trellis pattern observed

Peninsular

Fig peninsular drainage

- ① covers decan
- ② ephemeral rivers as source (eg Krishna, Godavari)
- ③ Large swaths of red, yellow soil, with limited alluvium in eastern coast
- ④ Presence of radial drainage (eg Chhotanagpur plateau, Amravati, Narmada)

⑤ Greater chances of antecedent rivers joining drainage (owing to Plate tectonics)

⑥ Relatively smoother bedrock due to fast under cutting.

⑤ lesser cases of antecedent owing to gradual slopes in peninsular India

⑥ Supersedent bedrock - owing to harder surfaces

→ Thus few peninsular rivers also fall in Himalayan drainage (eg) Chambal, Betwa

Q.7) Describe the nature and mode of origin of the main types of rock at the earth's crust. (10 marks, 150 words)

पृथ्वी की पर्पटी पर मुख्य प्रकार की चट्टानों की प्रकृति और उत्पत्ति के तरीके का वर्णन करें। (10 अंक, 150 शब्द)

There are primarily 3 types of rocks in earth's crust enjoined by a rock cycle

## Types of Rock

## Nature

## Origin

Igneous Rock

(eg) Granite

① Hard & crystalline

② Resistance to scratch

③ foliation present

Solidified  
lava  
from  
atmosphere

Metamorphic Rock

(eg) Gneiss

① Banded rocks

② Harder than sedimentary

High  
Pressure,  
temperature  
leads

Sedimentary rock  
 (eg) shale

- ① No clear crystals
- ② Compact layers composed of sediments
- ③ limited lustre properties

On sedimentation, through geomorphic agents or otherwise

Economic potential

Igneous → (eg) mining

Sedimentary → (eg) fossil fuels

Metamorphic → (eg) construction

Thus resource potential and emerging threats to rock cycle ((eg) desertification, sand mining) needs conservation efforts.

## Ongoing environmental crisis

### ① Climate change

(eg) IPCC 6th assessment report, 1.5°C breach imminent

### ② Plastic pollution

(eg) Great Pacific garbage patch

### ③ Biodiversity destruction

(eg) Coral bleaching events in Great Barrier Reef

## Role of modern lifestyle

Consumerism, leading to fast-fashion culture

निर्धनता का शहरीकरण शब्द से आप क्या समझते हैं? साथ ही, यह भी बताइए कि भारत में शहरी निर्धनता ग्रामीण निर्धनता से किस प्रकार भिन्न है? (10 अंक, 150 शब्द)

Urbanization of poverty refers to urban sprawl dominated regions experiencing unheeded migration and unplanned urbanization

World Bank report: "Messy & Hidden urbanization of India" - contributing to urbanization of poverty

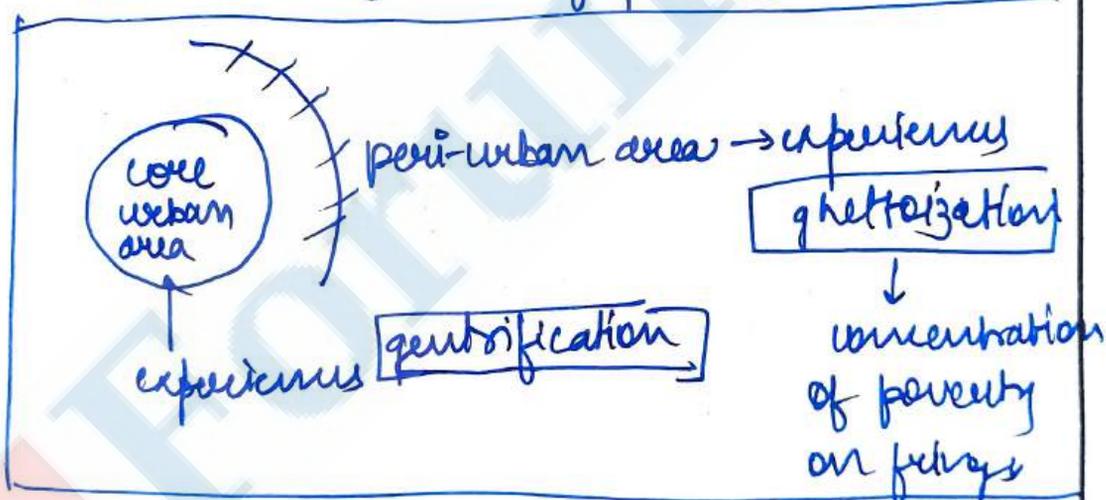

Fig urbanization of poverty

## Difference

### Urban poverty

① Newer forms - traffic congestion, pollution, quality of life NRI NMPJ index

### Rural poverty

① Dominated with conventional forms - income, social exclusion

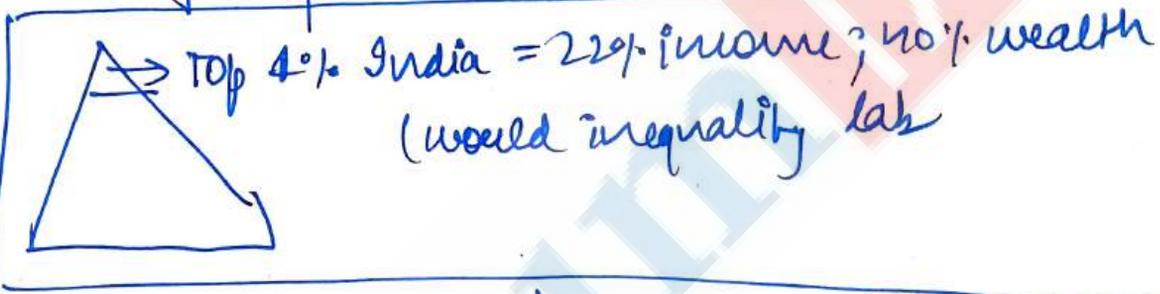

(Don't write in this Area पर कुछ न लिखें)

① Constant flux of migration - beneficiary identification difficult

Q.10) Globalization has redefined the idea of community and kinship in Indian society. Do you agree? Justify your answer. (10 marks, 150 words)

द्वैश्रीकरण ने भारतीय समाज में समुदाय और रिश्तेदारी के विचार को नए सिरे से परिभाषित किया है। क्या आप इससे सहमत हैं? अपने उत्तर का औचित्य स्पष्ट कीजिए। (10 अंक, 150 शब्द)

"Globalization is worldwide intensification of social relations" Anthony Giddens

Redefined idea of community

Negative

① Promotion of homo-economics over embedded man in society

② Market society (in place of market economy)

Michael Sandel argues

③ Individualism / Independence over interdependence

④ Diminishing duties

⑤ Self-centrism (eg) Radhika Yadav murder by father (2023)

However, that's not the entire picture

Positive

- "Heart grows fonder in absence" - Importance of community increased in era of globalization
- New tools to stay connected + do family duties from far (eg) Uberization

Actuality

Synthesis : Wisecreation of traditional hierarchical relationships + forging of new kin ties with like-minded people

Globalization as a force of change needs to be managed differentially for mitigating radical impact

Q.12) Trace the events that led to the Civil Disobedience Movement. What were its outcomes?  
(15 marks, 250 words)

सविनय अवज्ञा आंदोलन को जन्म देने वाली घटनाओं को स्पष्ट कीजिए। इसके परिणाम क्या थे?  
(15 अंक, 250 शब्द)

Civil Disobedience Movement launched  
(1930)  
on the back of Gandhian mode of  
struggle after Non-cooperation (1920) reflected  
whole-of-nation effort.

Events that led to CDM

Post Non-cooperation context

- ① Leaders jailed (eg) Gandhiji put behind bars for 6 years in 1922
- ② Low-mot phase (eg) Constructive programme
- ③ Re-activated by Patel's (eg) Bardoli Satyagraha, 1928

Winds of change

- ① Trade unionism, socialist fervour in masses
- ② Revolutionary nationalists - inspired masses  
(eg) Kaberi train robbery

## Grandhian active role in INC

- ① 1929 - Poorna Swaraj declaration by Jawahar Lal Nehru
- ② Freedom given to Gandhi by CWC to decide date & time of launch

## Constitutional agitation

- ① Simon Report met with ① Simon-Gobakh protests 1927
- ② Galvanization of leaders on nationalist goals ① Nehru Report 1928 - demand for dominion status

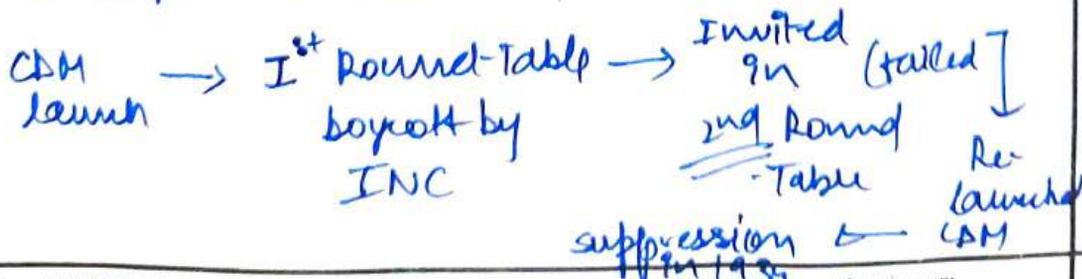

Salt Satyagraha - decisive factor after breakdown

of Gandhi Irwin talks; 10-point proposal of Gandhi

① Dharamasana depot satyagraha

## Outcomes

- ① 3-phase movement with ebb & flow

(Don't give  
in the Ans  
of 2020)

Short-term : might seem like a failure  
as demands of dominion  
were unmet.

Long-term : SUCCESS

- ① Mobilization of masses for full  
frontal assault in 1942 Quit India
- ② Cadre strength augmented for further  
mass movement (even without leaders  
— like Gandhi in 1940s)
- ③ Legitimized mass-character of INC  
(eg) Salt satyagraha as starting point  
of CAM
- ④ Gramscian use of position (Bipan Chandra)  
eliminated in undermining white man's  
Ruler
- ⑤ Broadened participation — business classes,  
trade unions, women etc.

Challenges remained — Muslim aloofness  
(compared to NCM 1920), division among INC  
(eg) Congress Socialist Party), but CAM's success  
was far greater, led to independence

Q.13) Mahatma Jyotirao Phule's reformist ideas played a significant role in shaping the social foundations of the Indian freedom movement. Elaborate. (15 marks, 250 words)

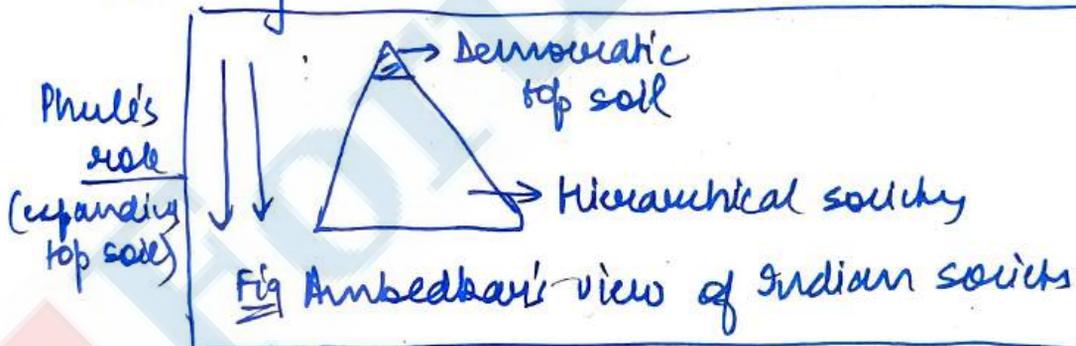

महात्मा ज्योतिराव फुले के सुधारवादी विचारों ने भारतीय स्वतंत्रता आंदोलन की सामाजिक नींव को आकार देने में महत्वपूर्ण भूमिका निभाई। सविस्तर वर्णन कीजिए। (15 अंक, 250 शब्द)

Jyotirao Phule's role as social reformer is well acknowledged (Satyajit Shodhak <sup>1873</sup> Sang), however his role in augmenting social foundations of national movement is scarcely acknowledged.

## Role in Indian freedom

- ① brought the question of caste in public sphere (even Indian Social Conference hesitated initially in early years)
- ② Provided intellectual foundations for Ambedkar to work on
  - “Indian freedom should not mean replacing British Raj with Peshwari”
- ③ Polit mobilization led to inclusive freedom movement (later capitalized by Gandhiji's constructive programme)

- ④ Special focus on women education, provided grounding for women-led freedom movement under Gandhi  
(eg) Sharda Sadan
- ⑤ Use of periodicals, press to furthering his teachings — leveraged by moderates
- ⑥ Reached democratic ideals of equality, fraternity laying the basis of building constitutional morality

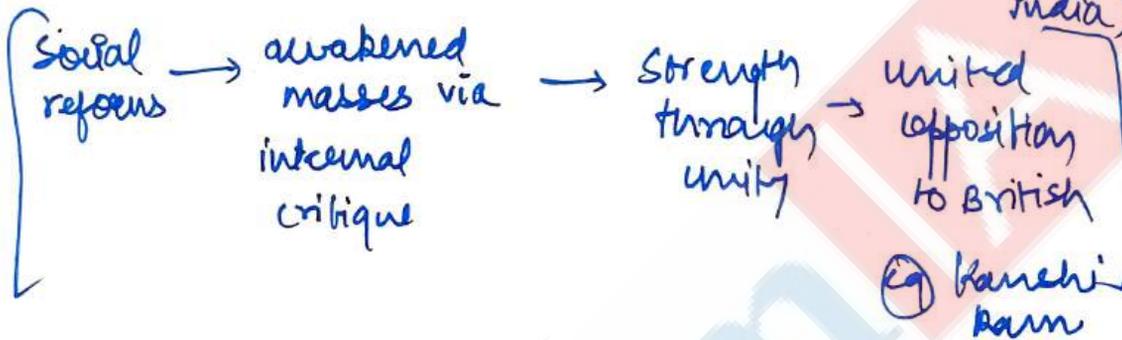

⑦ Organizational character of socio-religious reform lent lessons for similar movements later

(eg) Prarthana Samaj; Deccan Education Society  
some common ideas with Satya Shodh

⑧ Modern India's foundation laid by political moderates & social reformers

(Ran Chandra Bhatnagar - makers of modern India)

However challenges remained

→ Social question often subsumed in larger question (eg) Poona pact.

→ Criticism by scholars of anti-national conduct; sided with British

However these criticisms are founded on shallow grounds. Social foundations of freedom struggle <sup>often</sup> demanded conflicting politics — and thus Art 17, Art 15(2) today Art 16(4) are reflections of Phule's legacy in today's constitution.

Q.14) The interlinking of rivers offers several benefits, but also raises significant socio-economic and environmental concerns. Analyze. (15 marks, 250 words)

नदियों को आपस में जोड़ने से कई लाभ मिलते हैं, लेकिन इससे सामाजिक-आर्थिक और पर्यावरणीय चिंताएँ भी उत्पन्न होती हैं। विश्लेषण करें। (15 अंक, 250 शब्द)

River-interlinking has been in national focus with Ken-Betwa project

- River inter linking's several benefits
- Inclusive growth : anti-dote to regional inequality (eg Bundelkhand)
  - Connecting regions with water scarcity to water-surplus
  - [Drought] + [Flood management]
  - Prevents federal ownership conflicts
    - water as national source, allocated federally
  - Enriches local flora, fauna in dry patches
  - ensures soil fertility (step-paf solution to ongoing desertification -30% India)
  - Address water scarcity challenge
    - (eg) MP districts with  4000 cubic metre/year per-capita water available
    -  1486 cubic metre/year national average

## Socio-economic concerns

- ① Accentuates concerns of Indigenous community's living ways (eg displacement in Panna Tiger Reserve)
- ② Eviction of traditional livelihoods (eg grasslands threatened to submerge in water (K-B interlinking))
- ③ Health issues spill-over (eg Arsenic pollution in one river → now in other)

## Environmental concerns

- ① Disruption of local ecology
- ② Introduction to alien invasive species (eg Keolades ghana - water hyacinth)
- ③ Spill-over impacts of local droughts and floods

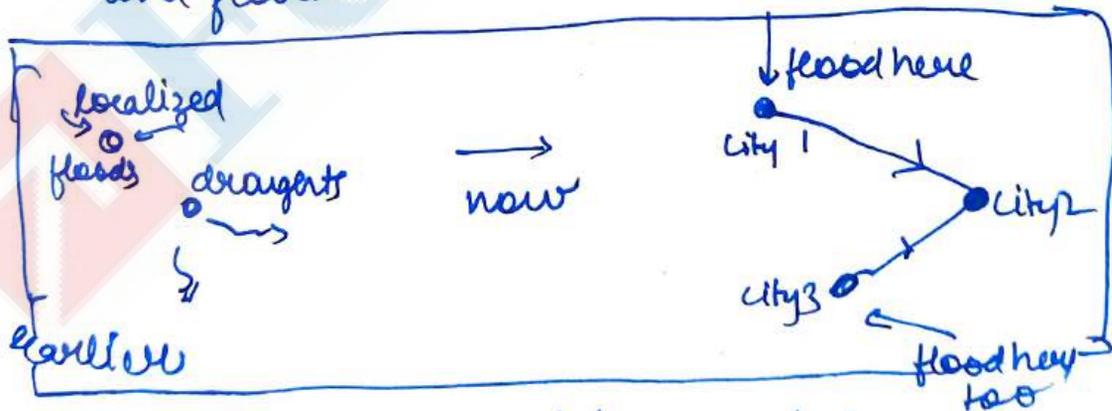

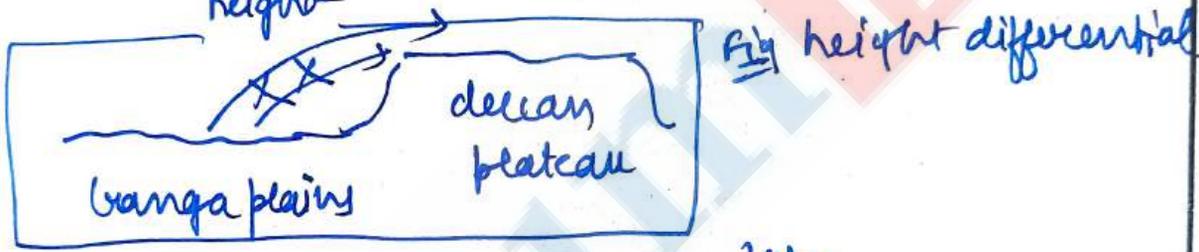

Fig interconnected geographic vulnerability

Practical challenges too

- ① Requires High CAPEX Investment
- ② Land acquisition challenges - legal conflicts
- ③ Gravitational slope (concerns with interlinking floodplains with different heights)

Way forward

- National water Policy <sup>2012</sup> dictum for river interlinking
- Improved EIA (Sumita Nandan report)
- Consensual federalism using Art 263 (ISC) for cooperative linking
- Rehabilitation planning
- Integrated governance of surface & ground water (Hishir Shah committee)

thus with gradual all-of-government efforts River-linking can be experimenting while focusing on water shed development

Q.15) Explain the concept of rain shadow effect. How does it influence the distribution of precipitation and vegetation across mountain ranges? (15 marks, 250 words)

वर्षा छाया प्रभाव की अवधारणा को स्पष्ट कीजिए। यह पर्वत श्रृंखलाओं में वर्षा और वनस्पति के वितरण को कैसे प्रभावित करता है? (15 अंक, 250 शब्द)

Rainfall is caused by moisture carrying winds through orographic features. Thus as winds climb the ascent, precipitation occurs on one side, leaving the other side dry. Here the winds pass adiabatically → downward descent

↓ loss of moisture.

Influences the distribution of precipitation

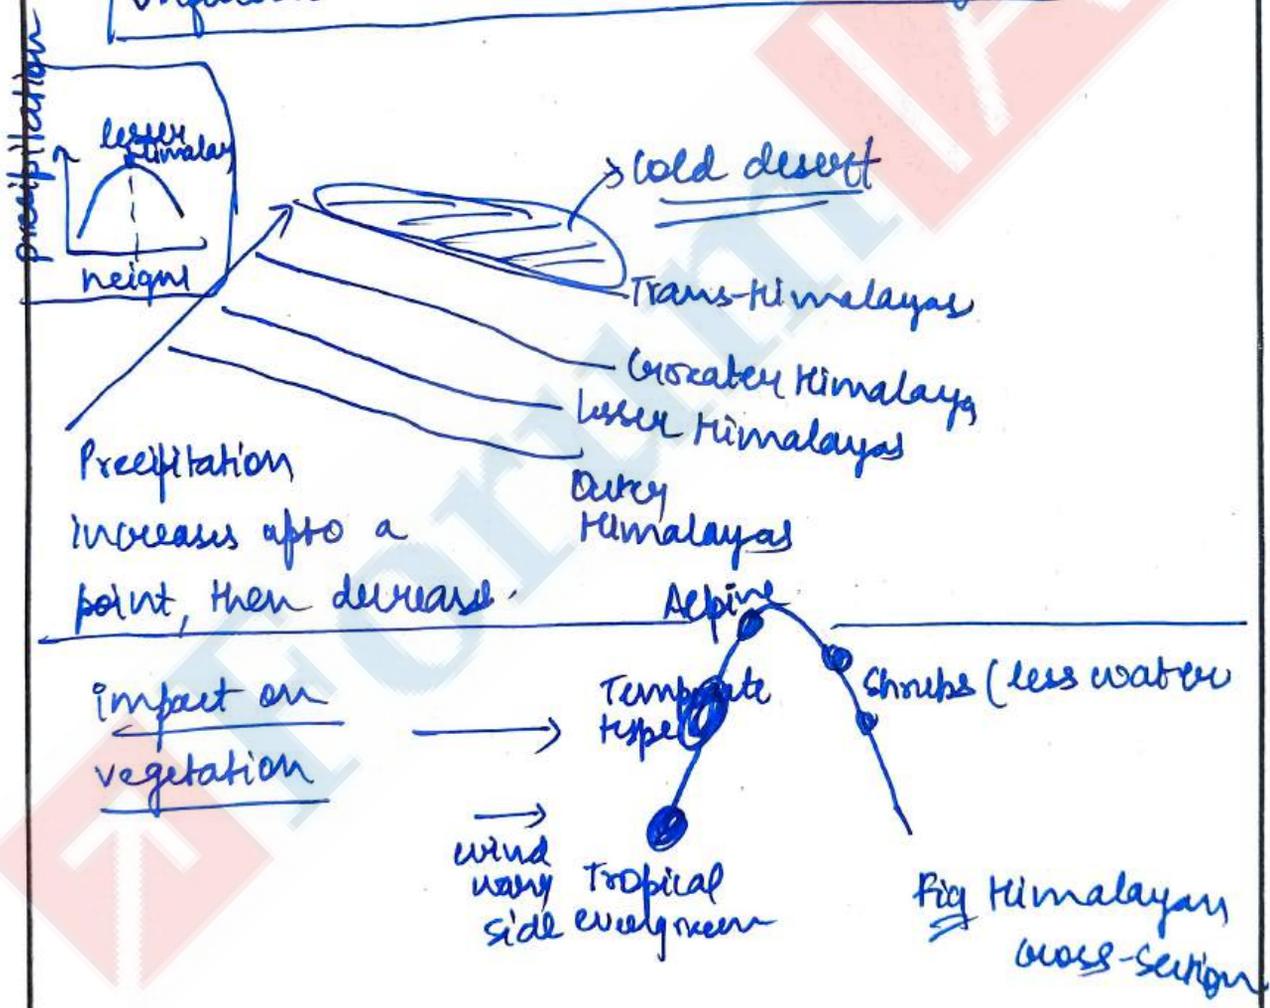

Pune low precipitation due to rain-shadow effect vs Mumbai

Sahara's formation result of desert rain-shadow effect.

Influence across mountain ranges

even in peninsular India, this effect is seen

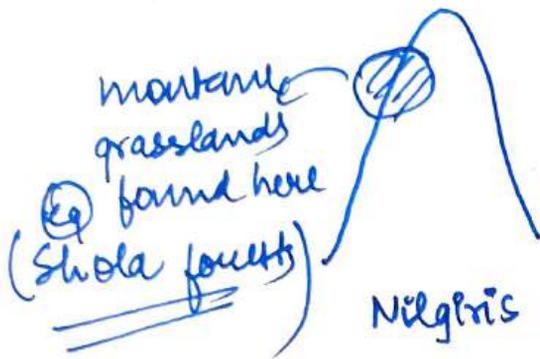

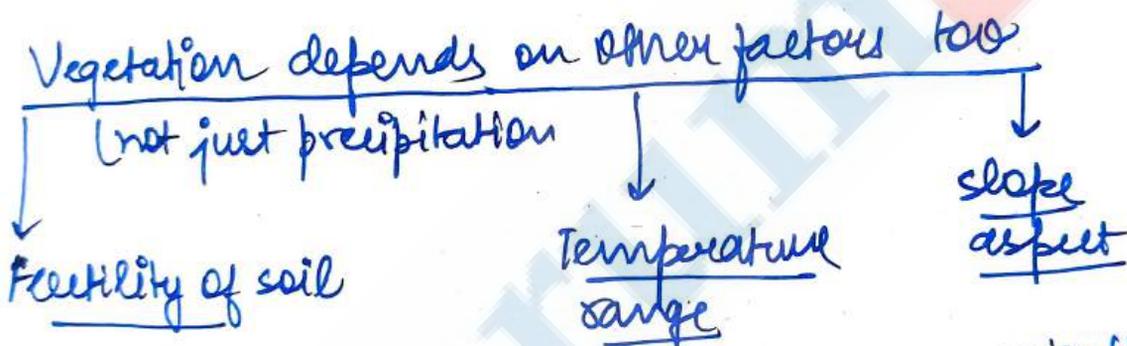

Fig Western Ghats

as temperature ↓, and precipitation increases with altitude (around 2000m)

Thus rainshadow effect is the major (but not only) cause of diversity of vegetation.

Q.16) Bring out the major features of the Indian monsoon and elaborate upon its causative factors. (15 marks, 250 words)

भारतीय मानसून की प्रमुख विशेषताएँ बताइए तथा उसके कारकों का विस्तृत विवरण प्रस्तुत कीजिए। (15 अंक, 250 शब्द)

Indian Monsoon is characterized by seasonal reversal of winds. It is often credited as lifeline of subcontinent as it brings 75% rainfall in south-west monsoon.

**Features**

① Approximate regularity in onset

[ 1 June (Kerala) → by June end (entire north India)  
 ↓  
 retreat in August ]

② Multiple branches giving rise to differential precipitation

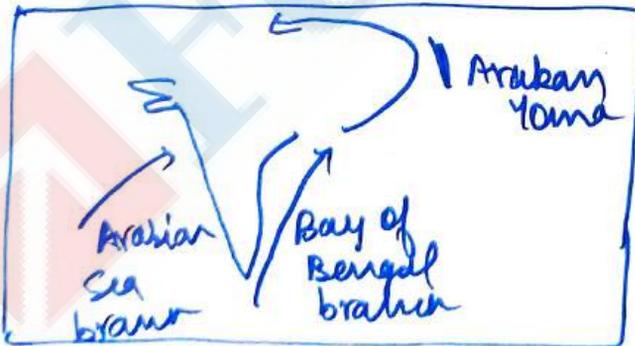

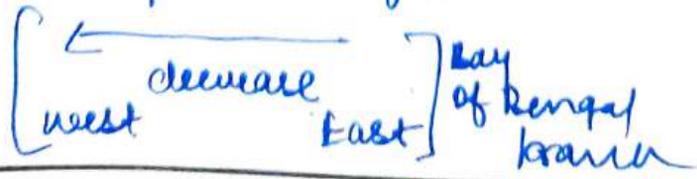

Fig movement of monsoon

③ Precipitation pattern of east vs west

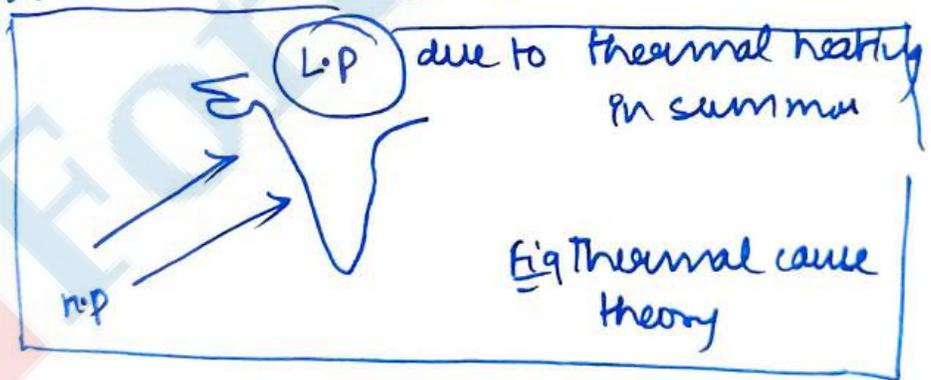

④ North-east / Retreating monsoon comes mainly in Tamil Nadu coasts

⑤ suppresses pressure doughs, preventing cyclonic formation

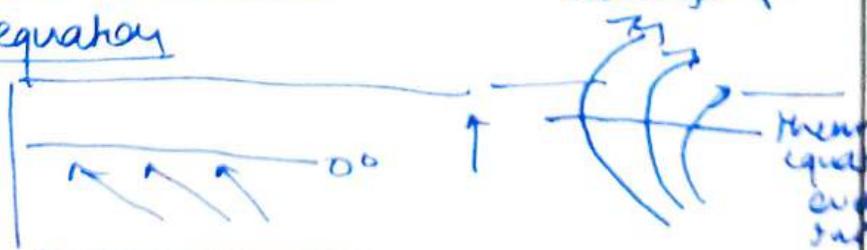

Tropical cyclone : [either pre-monsoon] vs [or post-monsoon]

## Causative Factors

① Differential heating of land and sea

② Influence of trade winds due to shifting of thermal equator

⑤ Role of Tibetan highlands, shifting of sub-tropical westerly jet stream

④ Mascarene high's Somali jet stream that strengthens monsoon

⑤ Accentuating factors

→ positive Indian Ocean dipole

→ La-Nina

Weakening factors

→ Negative Indian Ocean dipole

→ El-Nino

This monsoon is a complex phenomenon, which in recent years

is seeing → relative variability (e.g. early onset)

→ <sup>positive</sup> deviance from long-term average rainfall in some areas

(e.g. doublet Himalayas), and negative deviance in others (e.g. Ladakh drought)

This need better sensing infra & instruments to tackle the climate-change led monsoonal changes.

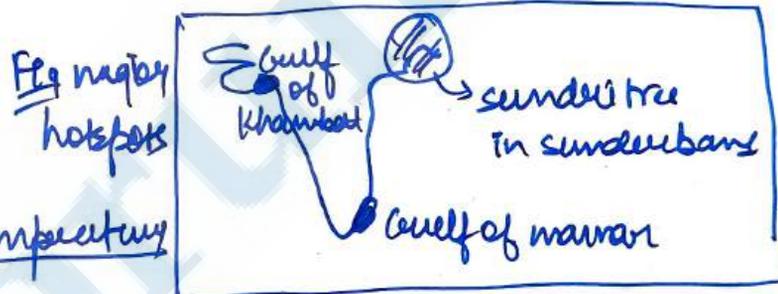

Q.17) What are the geographical factors responsible for the growth of mangrove vegetation in India? Also highlight its role in coastal ecology. (15 marks, 250 words)

भारत में मैंग्रोव वनस्पति के विकास के लिए उत्तरदायी भौगोलिक कारक क्या हैं? तटीय पारिस्थितिकी में इसकी भूमिका पर भी प्रकाश डालें। (15 अंक, 250 शब्द)

Mangrove vegetation in India is found along the coasts, and has witnessed an increase as per State of Forest Report 2023 [contributing to 23% tree cover]

## Geographical factors

① Saline waters along the coasts

② High temperature

in tropical regions (27°C)

③ Limited load capacity of influx, which potentially threatens the woody marshes

④ opening to ocean water (for calcium, sodium chloride minerals) favourable

⑤ Swampy regions with high precipitation

- ⑥ Absence of BOD, COD decreasing pollutants  
- blocks pneumatophores, interfering with root-respiration of mangroves

## Role in coastal ecology

- ① Kidney of earth - filters heavy metals and cleanses water body
- ② Ecotone - habitat prosperous geography  
(eg) Salt crocodile, Royal Bengal Tiger, flamingo - fauna diversity
- ③ Improves soil fertility, prevents further degradation
- ④ Prevents damage from natural disasters like (eg) Tsunami; storm surges
- ⑤ Source of oxygenation, carbon sinks

- ⑥ enhances sustainability/severity of banks  
 (a) ecotourism - Midnapur district
- ⑦ Livelihood support of fishermen
- ⑧ source of minor forest produce

Way Forward

→ Mangrove alliance for climate  
(WOP, 20)

→ MISHTI programme

leveraging their role in filtration, carbon sinks, first line of defense against

sea level rise [  $\rightarrow 3.6 \text{ mm/year}$  since 1980s ], mangroves

are central to our fight against climate change (achieving Paris climate deal target)

Q.18) To what extent can the rise of 'Kidfluencers' be seen as a reflection of changing family structures and parental aspirations in Indian society? (15 marks, 250 words)

'किडफ्लूएंसर्स' के उदय को किस हद तक भारतीय समाज में बदलती पारिवारिक संरचना और अभिभावकों की आकांक्षाओं के प्रतिबिंब के रूप में देखा जा सकता है? (15 अंक, 250 शब्द)

Indian society is undergoing changes through the focus of urbanization, modernization and secularization.

Kidfluencers represent a new trend with the gen-alpha age group, empowered with social media have come to influence society.

[Traditional]: society  $\xrightarrow{\text{influence}}$  kid called socialization

[Now today]: kid  $\xrightarrow{\text{influencing}}$  society called kidinfluencerise.

Changing family structures

① Nuclear families - away from traditional control of elders; more agency for kids

- ② Felicitic families, especially in double income single kid families — kid as ONLY sibling, patron of love.
- ③ Nuclearization of family structure — relieves kid from "elder sibling" duties.
- ④ Separate source of incomes — kid socialized to view social media as avenue of self-employment/pocket money.
- ⑤ Democratic attitude in urban family structures — open to discussions against traditional silence promoting culture.

## Reflection of parental aspirations

- ① Verbal aspirations (a) India's got talent
- ② FOMO as driving factor — pooled resources for better training of kids — influencing kids augmented

③ Reel culture engagement infiltrating parental aspirations of fame at all cost

(c) kid-salrus on social media

④ Globalization led demand side boost aspirations

## Concerns

→ Thin engagement over thick engagement  
(show off of influence, over substantive internalization)  
→ Moral dissuasion needed  
for glorification of guns, nudity etc.

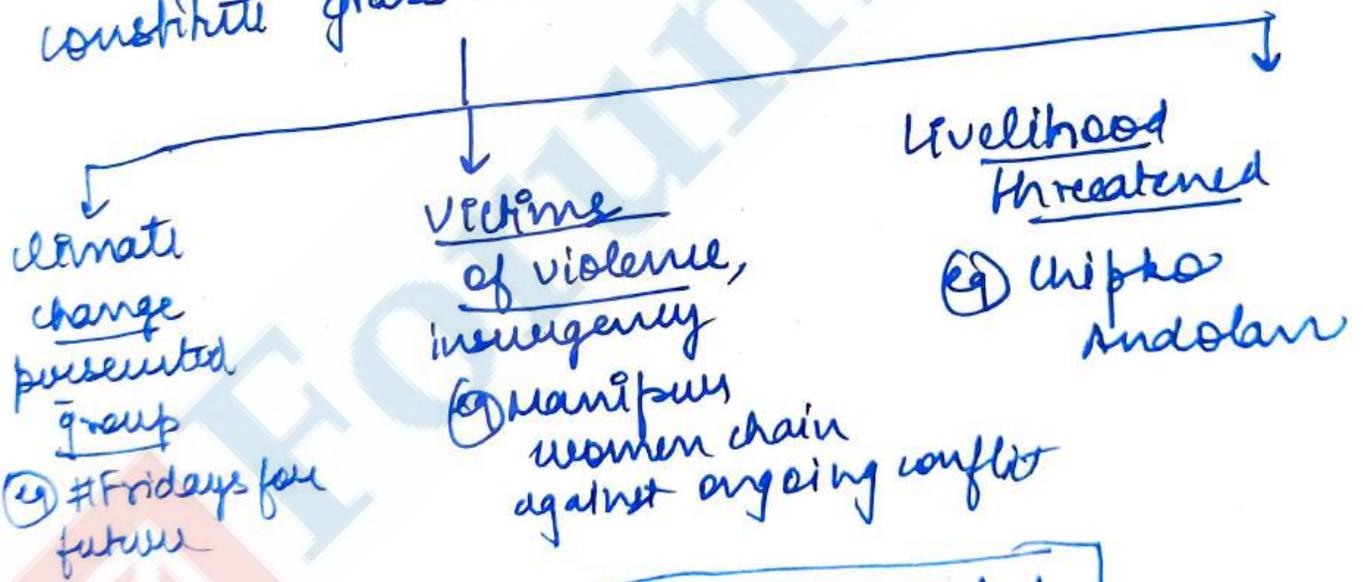

Way forward → Australia model [ - under 16 social media ] ban / parental consent needed.  
→ Digital hygiene of parents

Thus kid influencers reflect growing agency, need right direction to prevent a race-to-reel culture bottom

Q.19) Women often form the backbone of grassroots movements in India, yet they remain largely invisible and excluded from the decision-making process. Examine.  
 (15 marks, 250 words)

भारत में महिलाएँ अक्सर धरातलीय स्तर के आंदोलनों की रीढ़ बनती हैं, फिर भी वे काफी हद तक अदृश्य रहती हैं और निर्णय लेने की प्रक्रिया से बाहर रहती हैं। परीक्षण करें।

Grassroot movements are bottom-up voices that often remain marginalized to elite developmental paradigm. Thus, as women constitute one of the vulnerable groups of our society, to no surprise they constitute grass movements too

Remain largely invisible & excluded

① Patriarchy - pushes women out of "public sphere"

- ② Cultural lag - political mobilization lessons imbibed without true democratic decision making agenda
- ③ Double burden - duties of "invisible" household
- ④ Time poverty and hollowed learning as outcome - (eg) PARI survey highlights how women PRI leaders face capacity issues
- ⑤ Confictual grassroots politics - politics of relative gain often gets upper hand politics of absolute gain
- ⑥ Organizations suffer from leaking pipe syndrome [women dominate lower hierarchies, structures prevent promotion]
- ⑦ Social expectations of settled life, shying away from "agitative politics"  
[Medha Patkar]'s reflections in autobiography

- ⑥ Close coordination with political parties  
(interest articulation group) - men dominated  
(only 14% women in lok sabha)
- ⑦ weaker grass root groups, often catapulted  
by stronger opposition
- ⑧ Hathras rape gas women group  
dominated by upper-caste loyalty group

Way forward

- gender-sensitive infra in grassroot organization
- Deliberative democracy augmentation  
via gender impact legislations via  
women grassroot panels
- Minal Karamwal IAS / Balika Panchayat  
model - for voting census

Acting-in-concert (Hannah Arendt) needed  
to realize Art 42, 38, 39(c) ideals of  
constitution

Q.20) Do you agree with the view that social media is a 'double edged sword'? Discuss in the context of its impact on Indian society. (15 marks, 250 words)

क्या आप इस विचार से सहमत हैं कि सोशल मीडिया एक 'दोधारी तलवार' है? भारतीय समाज पर इसके प्रभाव के संदर्भ में चर्चा करें। (15 अंक, 250 शब्द)

Social media's double-edged sword has come to light in recent times

## Reasons for positive impact

- ① Demeratic tool - voice to marginalized
- ② Accountability tool -  
 (eg) pollution criticism online.

## Impact on society

Inclusivity

Good governance  
 Ideal

③ Leverages like-minded communities for action

④ Diffusion of modern ideas

④ AIT - India campaign  
by PM Modi

However, concerns

① Bubbled/filtered opinions

② Conflict promotion through engagement (no room for deliberation)

③ Infiltration of transnational actors

social capital ↑

④ Sevaach Bharat mission collaboration

Social influence as tool of behavioural change

Intolerance on rise

④ Palghat lynching

Hate speeches on rise

Radicalization, sovereignty weakening concerns

Thus, way forward

→ effective regulation - threat of revoking safe harbour clause must be used for platform accountability

→ Rohit Poonwala judgment - effective policing for hate crimes

→ T.K. Vishwanathan committee - state cyber-crime coordinators

→ Social media's positive use

Anil Swarup IAS  
News for Good

Thus with whole of government and all of society approach social media's positive power is to be leveraged, challenges mitigated -
