EXAMINER'S REMARKS

CRITERIA FOR THE FEEDBACK SECTION AT THE END OF EACH QUESTION

- 1. AWA - Answered What is Asked** - This means whether you have addressed the core demand of the question or not. Addressing the core demand of a question gets you an objectively fair score. It is examiner's perception if you have understood the question and if you know the answer in the end. Creative answer writing, sometimes missing the core demand, may fetch very high or very low scores and exposes your answer to the subject of evaluation.
- 2. CD & VA - Content Density & Value Addition** - Examiner will evaluate the quality and quantity of your content in the answer. In the same way, you should have your answer written what is asked (to) gone beyond what is asked (to) enriched answers through combination of relevant quotes, flowcharts, diagrams, facts and figures, data etc. This affects objective components of your answer.
- 3. S & F - Structure & Flow** - Whether you have structured your answer properly or not. Whether the answer has been broken into parts and each part has been addressed appropriately or not. Whether the flow of the answer is maintained. Affects both subjective and objective components of assessment.
- 4. P & H - Presentation** - How your answer performs on the criteria of presentation, ease of read, clarity and apparent effort in writing the answer. It affects subjective components of assessment.

Q.1) Why has there been an increased focus on negotiating, renegotiating and concluding Free Trade Agreements (FTAs) by India in recent years?
(10 marks, 150 words)

हाल के वर्षों में भारत द्वारा मुक्त व्यापार समझौतों (FTAs) पर बातचीत, पुनर्वर्ति और समापन पर ध्यान क्यों दिया जा रहा है?
(10 अंक, 150 शब्द)

Recently, free trade agreement (FTA) was concluded between Indian and EFTA nations like Liechtenstein, Switzerland, Norway.

FTA are trade agreement that aim to reduce tariffs to facilitate more trading in between nations.

eg) India Sri Lanka FTA.

Reasons for increased focus on FTAs.

- ① Increasing global trade footprint to boost economic opportunities at home. eg) software industry
- ② To cater to growing needs at home. eg) India 11th largest consumer market.
- ③ Technology transfers and innovation eg) EFTA includes IP protocols.
- ④ To support make-in-India initiative
- ⑤ To boost FDI investments. eg) India in top 10 FDI recipients. - Economic survey

1/25

option

by

in middle class

answer
sented)

- (6) To build trade alliances
- ↳ multipolar world
 - ↳ supply chain rationalisation
 - ↳ Friendshoring trend.

Issues with recent FTAs

- ① unequal terms: favourable to others
- ↳ Agreement with ASEAN nation help them disproportionately.
- ② Issue of growing protectionism
- ③ Problem of domestic industries
EFTA boosts competition for domestic manufacturers.

Way forward.

- ① Industry dialogue before contemplating future FTAs
 - ② trade on equal footing.
 - ③ Boost data analytics for ready market sentiment.
 - ④ Boost make in India.
- FTAs are a way forward in integrating global market. to achieve SDG 10
reduced inequality.

Q.2) A well-designed fiscal policy can serve as a vital instrument to facilitate the equitable distribution of resources and ensure the welfare of all sections of society. Elaborate. (10 marks, 150 words)

एक अच्छी तरह से डिज़ाइन की गई राजकोषीय नीति संसाधनों के समान वितरण को सुविधाजनक बनाने और समाज के सभी वर्गों के कल्याण को सुनिश्चित करने के लिए एक महत्वपूर्ण साधन के रूप में काम कर सकती है। विस्तार से वर्णन कीजिए।
(10 अंक, 150 शब्द)

"Fiscal policy is not obsolete, it is still a very effective weapon to boost economic activity."
- Jita Gopinathan

Fiscal policy is revenue & expenditure policy of government.

Fiscal policy helps in equitable distribution of resources :-

- via directly funding underfunded sections (eg) farmers - PM KISAN.
- providing equal employment opportunities (eg) MGNREGS.
- making correct the unequal development issues (eg) PMGSY, Aadi Adarsh Gram, Yashra
- uplifting social indicators among authorities - Nai Koshni, education - SC, STs - Eklaya schools
women - Ladli scheme of Delhi

It ensures welfare of all in the society via :-

- targetted benefit provision
(eg) PM Matru Vandana Yojna for lactating mothers
- Improving rural infrastructure
(eg) PM Gramodaya Yojna, PMKSY
- environmental issues addressed by - PM PRANAM schemes

Issues with fiscal policy

- mounting government debt @ 80% as against NK Singh committee's 60% recommended.
- populist schemes (eg) Reward culture
- Problem of off budget borrowing

Way forward

- fiscal discipline must be maintained
- follow fiscal glide pattern - Economic survey

Here, fiscal policy is a tool for development not a weapon for populism.

Q.3) What are the primary factors contributing to India's significant reliance on imported edible oils? What measures do you suggest to increase domestic production and to reduce India's reliance on imported edible oils? (10 marks, 150 words)

आयातित खाद्य तेलों पर भारत की महत्वपूर्ण निर्भरता में योगदान देने वाले प्राथमिक कारक क्या हैं? घरेलू उत्पादन बढ़ाने और आयातित खाद्य तेलों पर भारत की निर्भरता को कम करने के लिए आप क्या उपाय सुझाएंगे? (10 अंक, 150 शब्द)

With India importing ~40% of its oil palm requirements, the concern of over reliance on imports is palpable.

rising imports.
 increasing deficit with Indonesia & Malaysia.
~40% oil palm imported in last year (economic survey)
sunflower oil import from Ukraine

Reasons for the trend.

- ① Rising domestic consumption
 India number ① consumer of oil palm in world \rightarrow cosmetics, processed food.
- ② Issue with domestic production
 focus on rice-wheat production
 availability of tropical climate
 water woes in southern states
 \rightarrow Tamil Nadu
- ③ Issue with oil processing techniques

Laggard technology

- (4) Depleting crop of edible oil
 ↳ effect on water table adverse
 ↳ soil fertility declining.

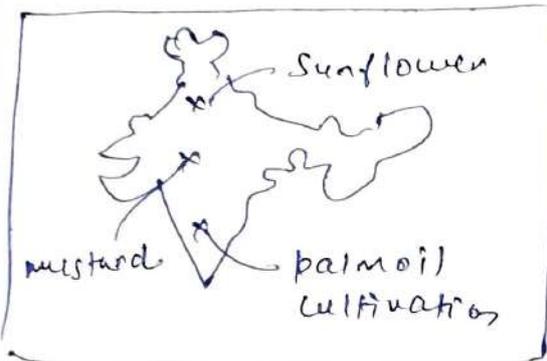

Fig. oil seed cultivation in India

- (5) Policy support is lacking.

Suggestion & initiatives

- ① Govt. incentive - National mission for oil palm, Sampada Yojna.
- ② Mega food park scheme
 ↳ Srihari park in Andhra.
- ③ Import substitution
 ↳ technology transfer

Hence, India is correcting the gap between oil production & consumption, to achieve self sufficiency.

Q.4) With the growing water crisis in India, micro irrigation offers a sustainable solution for water conservation; however, its adoption remains skewed and below its potential. Discuss.

(10 marks, 150 words)

भारत में बढ़ते जल संकट के साथ, सूक्ष्म सिंचाई जल संरक्षण के लिए एक स्थायी समाधान प्रस्तुत करती है, हालाँकि, इसका उपयोग अभी भी विषम है और इसकी क्षमता से कम है। चर्चा कीजिए।

(10 अंक, 150 शब्द)

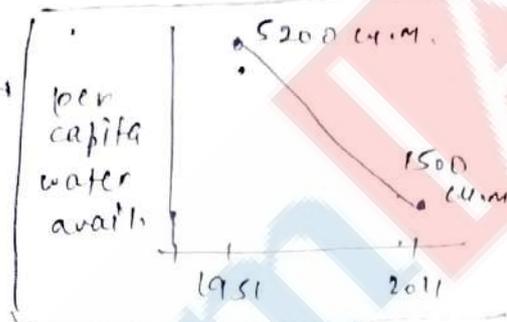

IPCC's 6th AR highlighted "vampiric overconsumption" of freshwater in India.

growing water crisis.

Micro irrigation

using precision tools to directly irrigate at roots of plant - saves water.

prevents runoff of wastewater.

(Ministry of Jal Shakti)

Potential of micro irrigation: causes of non-adoption.

- ① Cost intensive setup.
eg) Drip irrigation system is costly
- ② - maintenance issue
↳ availability of technician
↳ concerns of capital.

③ Lack of incentive with farmers.
 ↳ free electricity for farms
 (eg) tubewells get zero running cost.
 free water consumption

④. Attitudinal issues
 ↳ water is seen as ubiquitous

⑤. Government issues
 ↳ ↓ support and nudge

Solutions

①. Viability Gap funding for Drip Irrigation adoption.

②. Using innovative techniques (plasticulture) - to prevent water wastage

③. Strengthening local groups.

(eg) Karkhpati Didi scheme to include drip technicians.

④. Government - private partnership

(eg) ICRAR's precision agriculture push in UP

Hence, water issues can be solved via micro irrigation to achieve SDG 6

Q.5) The recurring railway accidents highlight the urgent necessity for addressing the myriad challenges related to safety, undercapacity and lack of modernization within Indian Railways. Analyse. (10 marks, 150 words)

बार-बार होने वाली रेल दुर्घटनाएँ भारतीय रेलवे के भीतर सुरक्षा, अल्प-क्षमता और आधुनिकीकरण की कमी से संबंधित असंख्य चुनौतियों के समाधान की तत्काल आवश्यकता को उजागर करती हैं। विश्लेषण कीजिए। (10 अंक, 150 शब्द)

Railway accidents cost ~3% of GDP per annum to India.
- NITI Aayog

Recurring railway accidents. } Odisha train collision.
Gujarat train crash

myriad challenges facing railways :-

- safety in archaic railway infrastructure
 - ↳ non-adherence to safety norms
 - (~30k. unmanned crossings)
 - ↳ no fencing of most tracks.
- undercapacity
 - ↳ overworked train drivers.
 - (recent strikes)
 - ↳ issue of vacancies in railway board
- modernization.
 - ↳ laggard technology adoption.
 - ↳ constrained finance :- Rail budget included in ordinary budget

Solutions & suggestions -

- ①. Anil Karadkar committee for railway safety's recommendations to be followed
- ②. Install KAVACH TCS system in all trains (eg. Odisha accident train had no KAVACH).
- ③. Replace all unmanned rail crossings, fencing of tracks - prevent man-animal life.
- ④. For railway undercapacity
 - ↳ bring railway regulator bill (Bibek Debroy recommended)
 - ↳ separate examination for railways
- ⑤ For modernisation
 - ↳ Sanjitroda committee
 - ↳ train - vande bharat trains
 - ↳ Aluminium chassis trains - light weight and faster.

Even, India with world's 4th largest railway infrastructure should be upgraded and made safe.

Q.6) How does NISAR mission exemplify international cooperation in space exploration and scientific research? In what ways will it help in climate change monitoring and natural hazard management? (10 marks, 150 words)

NISAR मिशन अंतरिक्ष अन्वेषण और वैज्ञानिक अनुसंधान में अंतर्राष्ट्रीय सहयोग का उदाहरण कैसे प्रस्तुत करता है? यह जलवायु परिवर्तन की निगरानी और प्राकृतिक आपदा प्रबंधन में किस तरह से मदद करेगा? (10 अंक, 150 शब्द)

NASA and ISRO's space aperture program (NISAR). is a tectonic shift in international collaboration to take leap in space technology.

NISAR mission is a space based observatory mission by USA and Indian agencies.

It exemplifies space cooperation.

- ↳ technology sharing between India & USA.
- equal participation of both agencies

↳ shedding off of junior partner image.

sharing of findings of research.

↳ boosting our knowledge of space weather and related exploration

Q.7) Nuclear technology can play a transformative role in enhancing food security and agricultural sustainability. Discuss. (10 marks, 150 words)

परमाणु प्रौद्योगिकी खाद्य सुरक्षा और कृषि स्थिरता को बढ़ाने में एक परिवर्तनकारी भूमिका निभा सकती है। चर्चा कीजिए। (10 अंक, 150 शब्द)

Nuclear energy makes up about 2% of India's energy apparatus, yet, it can be used to boost our agriculture sector too-

Nuclear Technology's role in :-

- enhancing food security

• Irradiation of food produce can increase its longevity, and reduce wastage

↳ irradiation of onion prevents perishability

• building pest resistance

↳ killing pest via nuclear energy,

- Agricultural sustainability

• "Greenifying" agriculture

↳ nuclear energy is clean, hence will help reducing GHG from agricultural power consumption.

Nuclear energy can help in increasing farmers' income by using small modular reactors

Challenges → public perception of nuclear energy

- ↳ Kudankulam protests
- ↳ problem of technological gaps
- ↳ uranium availability
- ↳ India will still need ~28 years to reach stage III of nuclear technology

Way Forward → Boosting research

- ↳ VAIIBHAVA initiative
- ↳ changing public perception
- ↳ boost to nuclear energy plants
- ↳ Jaitapur plants
- ↳ International collaboration
- ↳ French collab. in Maharashtra plant.

Hence, nuclear technology can help us achieve more sustainable agriculture

Q.8) Increasing frequency of forest fires in India underscores the urgent need for sustainable forest management practices. In light of the statement, bring out the causes and multidimensional impact of forest fires. Also, suggest measures for their prevention and management. (10 marks, 150 words)

भारत में जंगल की आग की बढ़ती आवृत्ति स्थायी वन प्रबंधन प्रथाओं की तत्काल आवश्यकता को रेखांकित करती है। इस कथन के प्रकाश में, वनाग्नि के कारणों और बहुआयामी प्रभावों का उल्लेख कीजिए। साथ ही इनकी रोकथाम और प्रबंधन के उपाय भी सुझाएं। (10 अंक, 150 शब्द)

Recent Uttarakhand fires highlight the gravity of forest fires in India.

Forest fires - large scale incineration of forests

Causes

Natural: excessive heat days, natural friction between chirpine leaves, falling rocks cause friction spark

Anthropogenic

preventive fire grown out of hands, camp fires, cigarette stubs, slash & burn agriculture

Multidimensional impact

1) loss of lives ~ 30 people killed in Californian forest fire

2) loss of livelihood minor forest produce is lost, challenge to tribal population

Q.9) What reasons can be attributed to the recent surge in terror related violence in Jammu and Kashmir? What strategies would you suggest to counter it? (10 marks, 150 words)

जम्मू-कश्मीर में हाल ही में आतंकवाद से संबंधित हिंसा में वृद्धि के क्या कारण हो सकते हैं? इसका मुकाबला करने के लिए आप क्या रणनीति सुझाएंगे? (10 अंक, 150 शब्द)

Recent attacks in Reasi and Pulwama were a grim reminder of instability in Jammu & Kashmir.

Terror incidents - decline by 50%

Insurgency related incidents declined by 35%

(NITI data) 4409

Reasons for recent surge.

- Reduced focus on terror activities
→ recent elections reduced border personnel.
- Increased funding from ISI and Pakistani agencies
- Public perception may have soured post election delays.

Q.11) "The liberalization policies of 1991 significantly enhanced India's economic dynamism, but the evolving global and domestic landscape necessitates 'Reforms 2.0' for sustained economic development and prosperity." Comment (15 marks, 250 words)

"1991 की उदारीकरण नीतियों ने भारत की आर्थिक गतिशीलता को महत्वपूर्ण रूप से बढ़ाया, लेकिन उभरते वैश्विक और घरेलू परिदृश्य में सतत आर्थिक विकास और समृद्धि के लिए 'सुधार 2.0' की आवश्यकता है।" टिप्पणी कीजिए। (15 अंक, 250 शब्द)

Liberalization policies of 1991, reformed Indian economy from, License Permit Quota (LPQ) to liberalised, privatised and globalised (LPG).

Significance of 1991 reforms.

- Boom in Indian service sector
 ~60% of Indian GDP from tertiary sector
 India as IT hub.
- Increased consumer goods market
 eg. Marico, HUL, etc
- Increased global share of India
 ~2% of merchandise exports.
- Increased FDI → boosted economic growth.
- Helped boost standard of life
 ↳ more income.
 ↳ more education.
 ↳ more health.
 eg private company like Apollo.

313440_718304_1910160322 (2024-09-15 13:17:25) just for economic transformation but also for sustainable development and societal well-being. Elaborate with examples. (15 marks, 250 words)

बुनियादी ढांचे का विकास न केवल आर्थिक परिवर्तन के लिए बल्कि सतत विकास और सामाजिक कल्याण के लिए भी आवश्यक है। उदाहरणों के साथ विस्तार से समझाइए। (15 अंक, 250 शब्द)

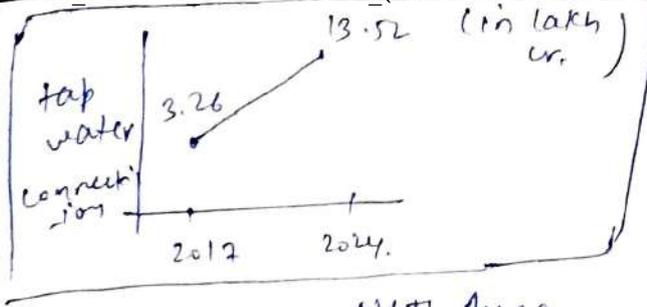

Infrastructure or social capital is the structure of physical and digital amenities that improve quality of life.

Importance of infrastructure development

- ① In economic transformation.
 - multiplier effect on economy
 - eg) 1 ₹ spent on rail infrastructure gives back 5 ₹ in economy
- NITI Aayog
 - boosts rural connectivity & rural economy
 - eg) last mile connectivity to goods
 - improves social indicators.

3 3440 713304 1910160322 (2024-09-15 13:17:25)

- NITI Aayog data.

② Social well -
- being improved,

• LPG connections

eg pm ujjawal

• Rural electrification

eg pm surya.

③ Sustainable development -

- helps in inclusive development

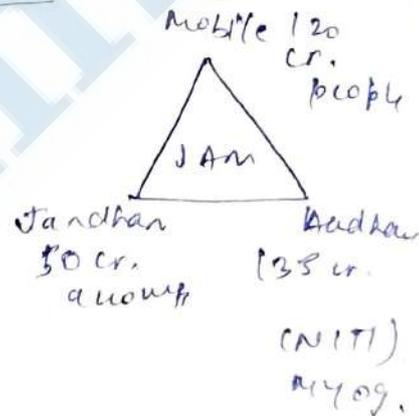

eg Financial inclusion via JAM trinity

- boosts social integration.

eg rate of connectivity

- helps in improving environmental conditions

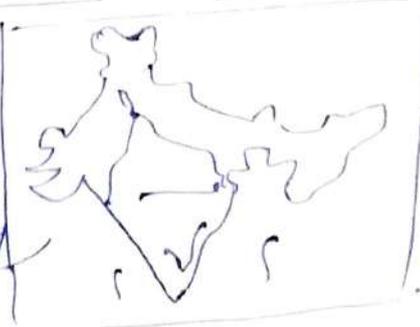

eg solar rooftop scheme

④ OTTs - improves rate of doing business.

• improves government's tax bases

dedicated flight corridor

- Digital divide
- helps in direct benefit transfer of subsidies (social upliftment)
- accessibility improvement
 - (eg) e-governance initiatives like e-district
- improved quality of services
 - (eg) CoWIN app - direct certificate

suggestions for improvements

National infrastructure pipeline be made operational.

public private partnership improved
(eg) BOT model

sustainable infrastructure
(eg) green technology
public participation & transparency
(eg) Highway mitra app

Hence, sustainable infrastructure is key to industrial growth to achieve sabka saathi sabka vikas & SDG 8 sustainably industrialization.

- ↳ farmers' awareness & training
- ↳ recent farmers' radio
- ↳ farmers' incentive unavailable.
- ↳ MSP regime.

problem of water scarcity in Punjab, tamil nadu

Way forward

- ↳ consumer based approach in farmers & govt.
- ↳ funding for tech. adoption,
- ↳ strengthen rural skll.

Here, aquaculture may have power to solve India's agriculture woc, need is of government's push.

Q.14) The MSP system has led to market distortions and ecological stress, necessitating reforms to make it more inclusive and efficient. Examine (15 marks, 250 words)

MSP प्रणाली, हालांकि अच्छी नीयत से बनाई गई है, लेकिन इसने बाजार में विकृतियाँ और पारिस्थितिकी तनाव पैदा किया है, जिससे इसे और अधिक समावेशी और कुशल बनाने के लिए सुधारों की आवश्यकता है। परीक्षण कीजिए। (15 अंक, 250 शब्द)

Minimum Support Price (MSP) system is system in which government declares a minimum floor price at which farmers can sell their produce to govt.

Importance of MSP.

- ① Guarantees farmers' basic income.
A2+AL formula guarantees income
- ② Helps prevent exploitation of farmers in external market.
govt. mandi procurement.
- ③ Helps in crop planning
as MSP is announced in advance
- ④ Boosts farmers' welfare and income security.

Issues with MSP :-

- ① Market distortions
 - ↳ crowding out of private buyers
 - ↳ ill discovery of real price
- ② Inequitable - only 6% farmers avail MSP - Agri. Ministry.
 - ↳ skewed in favour of north western farmers
- ③ Violates WTO norms.
- ④ Problem of rice-wheat domination, leads to scarcity of other crops
 - ↳ oil seeds
- ⑤ Ecological stress due to MSP :-
 - water table depletion due to unscientific crops
 - ↳ sugarcane in drought prone maharashtra (FRP)
 - problem of excessive fertilizer to boost single crop production
 - mono cropping challenge - massive production of rice
 - Issue of declining soil fertility.
 - ↳ Punjab & Haryana.

- (i) Finding open ended procurement of rice and wheat.
- (ii) Direct benefit transfer via DBT to prevent exploitation.
- (iii) Diversify MSP:
 - ↳ include millets to boost its production.
 - ↳ rationalise current MSP of rice.
 - ↳ 15% since 2014 to 2024.
- (iv) MSP is a bandaid not a permanent solution.
 - ↳ doubling farmer income.
 - ↳ move to high value horticulture crops.
 - ↳ 10% land but 20% agri. GVA.
 - ↳ use oil seeds production to cater nutritional security challenges.
- (v) MSP to be rationalised to balance regional development. Area specific MSP responds to climatic conditions.
- (vi) Hence, MSP is a tool that is much abused but needs to be improved.

Q.15) Biotechnology is a key potential for achieving sustainable food production, efficient waste management and significant advancements in human health. Elucidate. (15 marks, 250 words)

जीव प्रौद्योगिकी में विकास खाद्य उत्पादन, कुशल अपशिष्ट प्रबंधन और मानव स्वास्थ्य में महत्वपूर्ण प्रगति हासिल करने की आधार सभावनाएं हैं। स्पष्ट कीजिए। (15 अंक, 250 शब्द)

"Every 1 out of 13 startups in India is in Biotechnological domain."

Biotechnology is technique of altering organic elements for diversified uses like disease correction and improving productivity.

Significance of biotechnology in -

① Food production.

- Improving productivity via Genetically modified crops (GM crop).

② Golden rice

- pest resistant varieties via GM

- BT cotton against bollworm

- nutritional security via BT-brinjal

and food fortification

- improving farmers' well being

③ Shet Kari sangathan's support to GM crop

313440_713304_1910160322_(2024-09-15 13:17:25)

② Waste management

- decomposing waste using microbes
- preventing ill effects of toxic waste
- eg oilivorous bacteria eats oil.
- disintegrating waste into energy
using biofertilizers, biodecomposers
like rhizobium, fungus.
- pyrolysis process, biogas creation

③ Human health improvement

a) Medical field

- ↳ cancer therapy using Car T-cell
- ↳ treating genetic diseases via Crispr Cas 9.
- ↳ disease diagnosis
- eg epigenetics and DNA fingerprinting

b) Disease prevention

- ↳ using gene drive technology
- c) Infertility - mitochondrial gene DNA
transplant, IVF

d) Helps in improving nutritional health.

eg NeutraCentral, Ozempic medicine

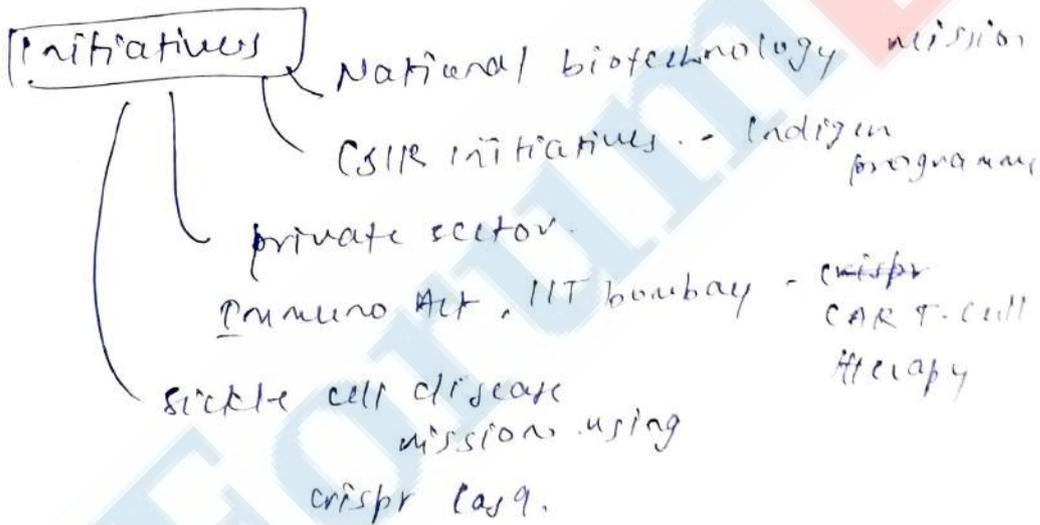

Write anything in this Area / इस क्षेत्र में कुछ न लिखें

(Don't Write anything in this Area इस क्षेत्र में पर कुछ न लिखें)

313440 713304 1910160322 (2024-09-15 13:17:25)

Other uses of biotechnology.

- Improving our understanding of our biodiversity.
- Genome profiling eg Human Genome Project.
- bringing back extinct species.
(eg) Nicobar pigeon → dodo.
- Criminology → NAFIS - fingerprint analysis by Rundaboli Police

Here, biotechnology holds immense potential but we must be wary of the consequences too. using govt & private push we can harness this novel technology.

(16) Climate change is leading to significant alterations in ecosystems, resulting in cascading effects on biodiversity, ecosystem services, and human livelihoods, necessitating integrated approaches to conservation and climate adaptation. Analyse. (15 marks, 250 words)

जलवायु परिवर्तन के कारण पारिस्थितिकी तंत्र में महत्वपूर्ण परिवर्तन हो रहे हैं, जिसके परिणामस्वरूप जैव विविधता, पारिस्थितिकी तंत्र सेवाओं और मानव आजीविका पर व्यापक प्रभाव पड़ रहा है, जिसके कारण संरक्षण और जलवायु अनुकूलन के लिए एकीकृत दृष्टिकोण की आवश्यकता है। विश्लेषण कीजिए। (15 अंक, 250 शब्द)

As per IPCC's 6th AR, with current level of emissions, earth will warm up by 3°C by end of century.

Multidimensional impact of climate change

① On ecosystems.

a). melting of glaciers & ice caps

↳ IPCC states @ 3°C heating 50% Himalayan glaciers will vanish.

b). Coastal ecosystem.

↳ rise in sea level.

↳ coral bleaching (increase in freshwater)

c). tropicalisation of boreal forests and borealisation of polar regions.

d). Issue of increased warming in climate

② on biodiversity

a). extinction of ~70% species with increase in temperature.

= IUCN's report

313440 713304 1910160322 (2024-09-15 13:17:25)

51. Issue of glacial species.

(4) polar bears getting
shrunken - lack of prey

(1) Species of migratory species

(2) Siberian crane in Rajasthan.

(2) on ecosystem services

declining productivity of trees and rain forests.

- availability of fish catch in ocean
- declining forest produce.

(4) on livelihood

- radical shift in livelihood pattern
- uninhabitability of Africa & Arabian deserts will increase.
- agriculturable lands in Russia & Canada will emerge.
- coastal submersion
 - ↳ Malaysia, Tuvalu and Maldives at forefront (issue of rehabilitation)
- problem of food security.
- increasing energy consumption to cool down temperatures

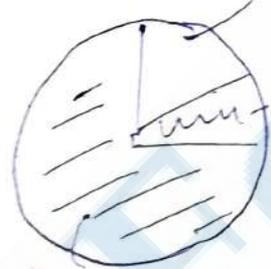

improve cost of doing business in India.

Suggestions for adaptation:

- Climate smart agriculture with aid of ICT.
- Green buildings \rightarrow BEE's code, Blue DoF network
- Green Industries reducing climate vulnerability

for mitigation

- collaborative approach - Paris principles, Kigali amendment
- Decarbonify industries in India \rightarrow Lead IT 2.0 growing millets.

75% Greenhouse emissions from energy generation (CARTI Aug 09)

reducing methane level \rightarrow Lokur committee on stubble burning
 green energy, push for renewables.

20% installed capacity of solar energy @ \$546.

Hence, SDG (13) Climate change can be achieved only with collaboration of all (MNRG)

Q.17) Urban areas, often referred to as the cradle of civilization and growth engines, are increasingly experiencing various natural and man-made disasters. Discuss in the Indian context. Also, suggest suitable mitigation and management strategies. (15 marks, 250 words)

शहरी क्षेत्रों को अक्सर सभ्यता और विकास के इंजन के रूप में संदर्भित किया जाता है, जो विभिन्न प्राकृतिक और मानव निर्मित आपदाओं का सामना कर रहे हैं। भारतीय संदर्भ में चर्चा कीजिए। साथ ही, उपयुक्त शमन और प्रबंधन रणनीतियों का सुझाव दीजिए। (15 अंक, 250 शब्द)

Close to 37% of India lives in cities and generates around 65% of economic output. Recently, it has become a hotbed of disasters.

(Census) & Economic survey.

Reasons for increasing disaster challenges:-

- ① Natural reason
 - Climate change - increasing temperature → heat island effect
 - ↳ drought like condition

313440_713304_1910160322_(2024-09-15 13:17:25)

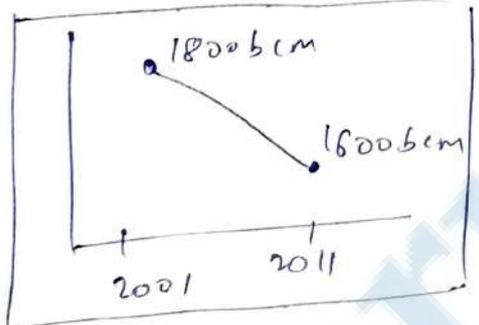

water ways in maharashtra.

- Wildfires - issues in Uttarakhand.

(2) Anthropogenic reasons

- Rapid urbanisation - urban sprawl.
 - ↳ ineffective waste management
 - ↳ unscientific city planning
- lack of green space - to allow water seepage.
- depleting groundwater - over consumption - regulations Act.

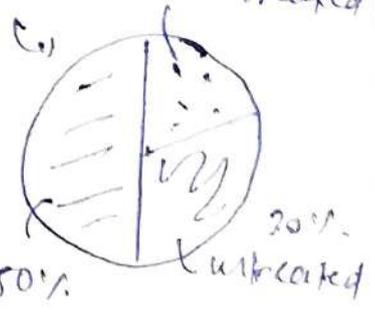

↳ Delhi water riots

groundwater level, (min of Jal shakti)

↳ unscientific waste planning

- ↳ blockage of drains
- ↳ floods

↳ goes to landfill

(ULB data)

• problem of awareness in planning

- ↳ concretization of roads
- ↳ archaic city infrastructure

813440 713304 1910160322 (2024-09-15 13:17:25)

Suggestions & solutions

(A) City planning

- ↳ Chandigarh model, Delhi City Plan 2047
- ↳ hub and spoke model, using electric vehicles

(B) Green spaces

- ↳ sponge cities of China
- ↳ sister city projects
- ↳ Mumbai - Guangzhou

(C) Building technology

- ↳ reduce glass usage
- ↳ limestone technology
- ↳ using white cement (painted) & heating.

(D) sensitizing - urban local empowerment bodies

- ↳ ↑ financing
- ↳ 30-40% spending by local bodies in Kerala

↳ capacity building

- ↳ waste management → waste to energy plants

Here, sustainable industrialisation will make us achieve SDG (12).

Q.18) "India's disaster management framework has made significant progress in the 21st century, yet challenges persist in ensuring timely response and effective coordination during crises." Comment. (15 marks, 250 words)

"भारत के आपदा प्रबंधन ढांचे ने 21वीं सदी में महत्वपूर्ण प्रगति की है, फिर भी संकट के दौरान समय पर प्रतिक्रिया और प्रभावी समन्वय सुनिश्चित करने में चुनौतियां बनी हुई हैं।" टिप्पणी कीजिए। (15 अंक, 250 शब्द)

India is one of the top three disaster prone countries. - UNDRR report

India's disaster management framework

- Disaster management Act 2005
 - ↳ NDMA at union level
 - ↳ SDMA at state level
 - ↳ DDMA at local level
- National Disaster management plan
 - ↳ Flood commission
 - ↳ city action plans
- Usage of commissions & departments
 - ↳ India meteorological dept. (imp)
 - ↳ ISRO (imp) Landslide atops.
- International
 - ↳ Sendai framework
 - ↳ CDRT
 - ↳ IRIS
 - ↳ Indian ocean region cyclone protection (IOR)

313440-713304-1910160322 (2024-09-15 13:17:25)

Challenges still prevail.

in timely response

- lack of preparedness at local level
- availability of skilled personnel.
- awareness in people.
- lack of preparedness measures
 - ↳ shelter homes, relief packets
- issue of information dissemination
 - ↳ infrastructural issue in far flung area ~51% villages still get <u>12 hr.</u> of electricity (NITI Aayog)

Coordination

- lack of coordination
- jurisdictional ambiguity
- blame game
 - ↳ recent Kerala Palakkad landslide
- problem of information dissemination
- DDMA at forefront of disaster, yet last to be consulted in policy making.
- lack of funding & devolution

313440_713304_1910160322_(2024-09-15 13:17:25)

- lack of disaster & state specific disaster plan.
- evacuation plan. } haphazard planning
- Coordination issue between BDO & sarpanches. → ego clashes
- Coordination issues with agencies like ISRD and IMD.

Suggestions :-

- Boost timely response
 - ↳ mock drills, volunteer capacity building
 - ↳ involve CSOs, NGOs
- adopt international best practice (eg) siren system of Malaysia.

- improving coordination
 - ↳ clear delineation of roles & responsibility.
 - ↳ better communication in personnel
 - ↳ one stop portal for information dissemination - IMD + ISRD + NDMA & others.

Hence, disaster management needs support of all for security of all.

Q.19) Explain how the symbiotic relationship between organized crime and terrorism further aggravated the concerns. What steps can be taken to address this linkage and the threats emerging from it? (15 marks, 250 words)

बताइए कि संगठित अपराध और आतंकवाद के बीच सहजीवी संबंध किस तरह आंतरिक सुरक्षा संबंधी चिंताओं को और बढ़ाता है। इस संबंध और इससे उत्पन्न होने वाले खतरों से निपटने के लिए क्या कदम उठाए जा सकते हैं? (15 अंक, 250 शब्द)

The symbiotic relationship is one in which a parasite host and a client both are mutually beneficial to each other.

But, the symbiosis between organized crime (OC) and terrorism is a parasite for India. → ~1700 terror incident in last 10 yrs - (Defense min.)

(Symbiotic relation of OC and terrorism)

OC → terrorism
 - provides funding
 - acts as a screen for the illicit activities
 ↳ extortion, trafficking.

- provides valuable ground level information
 ↳ D-company to let in Mumbai attacks.

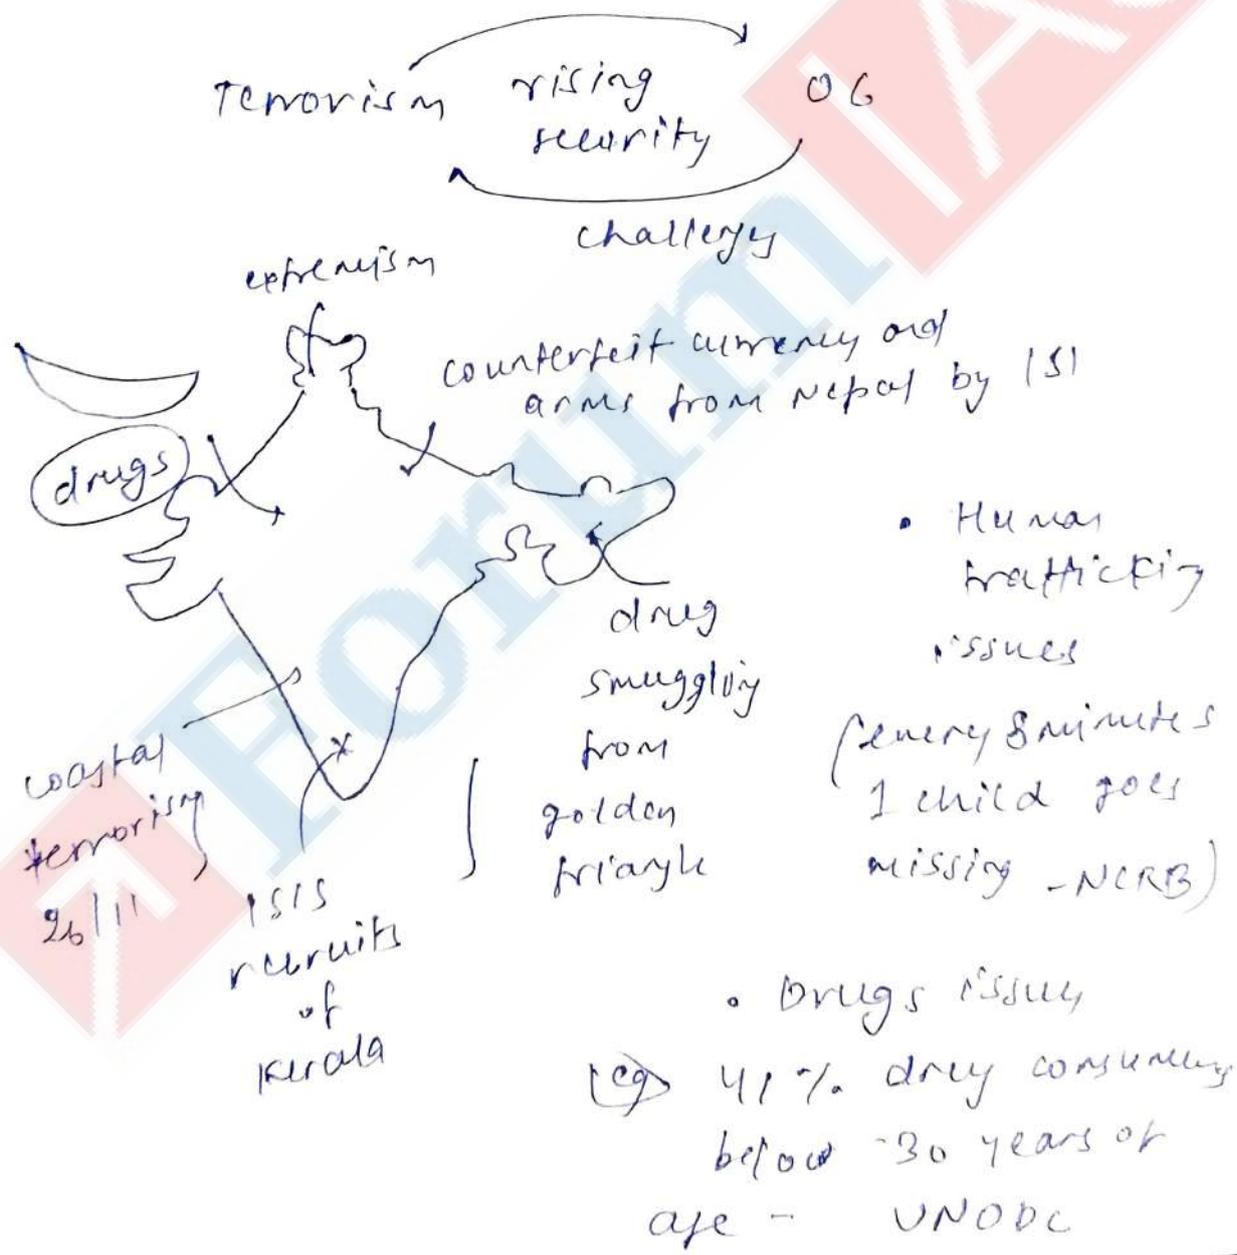

313440_713304_1910160322_(2024-09-15 13:17:25)

Terrorism

OC

- provides external support
 - helps in recruitment
 - acts as a funnel
- eg) Taliban and drug smuggling via Iran to Punjab.

• It is called Black hole syndrome

313440_713304_1910160322_(2024-09-15 13:17:25)

Address & mitigate the linkage:-

① Break the nexus of
 (Vohra Committee) politician
Bureaucrats criminals
 Aids in drug peddling

② Stricter law enforcement.
 [Free hand to CBI, NIA and CBIC
 NDPS laws to be strengthened.]

③ Operation Chakra by DRI

④ Strengthening ground level police force
 \ Capacity building
 \ vacancy filling
 (eg) 1900 police men per million pop.
 UN recommend 2200.

⑤ public participation
 \ citizen corner initiative
 (eg) eyes & ear initiative in Delhi
 CSOs
 \ go role in
 for rehabilitation

Hence, the nexus is becoming a nestar of poison which needs to be curbed. with collaborated efforts.

Q.20) Strengthening security apparatus in border areas and forging developmental partnerships with the locals are essential components of a robust and effective border management strategy. Discuss, with initiatives taken by the government in this regard. (15 marks, 250 words)

सीमावर्ती क्षेत्रों में सुरक्षा तंत्र को मजबूत करना तथा स्थानीय लोगों के साथ विकासात्मक साझेदारी बनाना एक मजबूत और प्रभावी सीमा प्रबंधन रणनीति के आवश्यक घटक हैं। इस संबंध में सरकार द्वारा उठाए गए प्रयासों के साथ चर्चा कीजिए। (15 अंक, 250 शब्द)

Recent Reasi attacks were a stark reminder of border security issues plaguing the nation.

Security issue in border areas:- multidimensional concerns

strengthening security apparatus.

- Border security force
- Indo Tibetan Border police
- Naval coast guards
- ↳ Sagor Prahari Bal.

313440_713304_1910160322 (2024-09-15 13:17:25)

300 Rifles and Indian Army.

Partnership with locals :-

- Necessary to win local trust
- Legitimise Indian rule.,
- Indianization of people, preventing terror recruitments
- Burhan wani used fictok to attract insurgents.

Government initiatives

- Fostering local partnership.
- U Nai Roshni - North east development
- Pinnayat - Kashmiri students development
- Initiatives like Border Area Development Programs
- Bharat Jodo initiative - school children to visit border villages
- Sensitizing locals about their contribution to national security.
- Gesture - PM Modi's visit to frontier boost confidence.

313440_713304_1910160322_(2024-09-15 13:17:25)

improving border area infrastructure.

Latal tunnel, Ditlo bridge, Δkolo sadiya bridge

- ramping up infrastructure on Chinese border.
- boosting capacity with security forces
 - ↳ Agniveer scheme
- Better surveillance equipments
 - ↳ Drone surveillance
 - ↳ Helium balloons and using High altitude gliders
 - ↳ Fencing of borders - lighting
- ending free movement regime (AMR) with Myanmar.

Here, India is well prepared to cater its internal security challenges
