## EXAMINER'S REMARKS

---

### CRITERIA FOR THE FEEDBACK SECTION AT THE END OF EACH QUESTION

1. **AWIS = Answered What is Asked.** This means whether you have addressed the core demand of the question or not. Addressing the core demand of the question gets you an objectively fair score. It is examiner's perception if you have understood the question and if you know the answer in the first place. Creative answer writing, sometimes missing the core demand, may fetch very high or very low scores, and exposes your answer to the subjectivity of the examiner.
2. **CD & VA = Content Density & Value Addition.** Examiner will evaluate the quality and quantity of your content in the answer. In the same word limit and space limit have you (a) written what is asked (b) gone beyond what is asked (c) enriched answers through combination of ( but not all!) suggestions, ideas, quotes, flowcharts, diagrams, facts and figures, data etc. This affects objective components of assessment.
3. **S & F = Structure & Flow** = Whether you have structured your answer properly or not. Whether the answer has been broken into parts and sub-parts and each part has been addressed appropriately or not. Whether the flow of the answer is maintained. Affects both subjective and objective components of assessment.
4. **P & R** = How your answer performs on the criteria of **presentation, ease of read, clarity and apparent effort** in writing the answer. This affects the subjective components of assessment.

Q.18) To what extent can the rise of 'Kidfluencers' be seen as a reflection of changing family structures and parental aspirations in Indian society? (15 marks, 250 words)

'किडफ्लूएंसर्स' के उदय को किस हद तक भारतीय समाज में बदलती पारिवारिक संरचना और अभिभावकों की आकांक्षाओं के प्रतिबिंब के रूप में देखा जा सकता है? (15 अंक, 250 शब्द)

The 'Kidfluencers' are the new and emerging section of digital influencers who target children and 'kids' of the society.

To some extent, they are a reflection of changing kinship ties in Indian society :

(1) Rise of nuclear households with both parents working :

This leads to isolation of children.

(2) Children lack any significant connect with grandparents.

↳ Inter-generational differences of Gen-Z.

(3) Parental aspiration of giving all comfort to their children.

↳ access to smartphone at a young infant stage.

(4) Breaking social ties due to individualism and instant gratification

↳ Dependence on ChatGPT more than peer and family.

(5) Rise of globalisation → Kids are inspired by global culture, thus making "Kidfluencer" popular.

However, the rise of "Kidfluencer" is also due to multiple other factors than family structure and parental aspirations in the Indian society :

(1) Western influence on Indian Society.

[Eg.] Fast fashion culture.

(2) Rising aspiration of children

[Eg.] Access to online gaming culture.

(3) Digital access due to cheaper data has made "influencers" universal to each household.

(4) Changing societal needs from being dependent on close kins to different stakeholders of society.

Thus, it is required for parents to ensure "parental control" over the content access by kids to ensure ethical and inclusive society.

Q.19) Women often form the backbone of grassroots movements in India, yet they remain largely invisible and excluded from the decision-making process. Examine. (15 marks, 250 words)

भारत में महिलाएँ अक्सर धरातलीय स्तर के आंदोलनों की रीढ़ बनती हैं, फिर भी वे काफी हद तक अदृश्य रहती हैं और निर्णय लेने की प्रक्रिया से बाहर रहती हैं। परीक्षण करें। (15 अंक, 250 शब्द)

Women in India had largely remained invisible from decision-making process due to patriarchal society norms.

Even women contributed to ecological concerns such as Chipko movement under Sunderlal Bahuguna

However, thinkers like Veena Majumdar have highlighted the social norms which subjugates women due to patriarchal mindset.

(1) Low participation in Lok Sabha  
 (Ex) only 13.6% MPs of 18th Lok Sabha are women.

(2) Sarpanch-Pati in Panchayat have undermined women's role in decision making

(3) Only 8% agricultural land are owned in women's name  
 ↳ exclusion from decision making.

(4) Feminisation of agriculture without significant women empowerment.

(5) Glass ceiling effect and sticky floor concept highlights the issues in promotion of women.

(6) "Dual burden" of household as well as office work -

(7) Out migration of men from rural areas has led to women managing household with scarce authority.

ILO's framework of 3R (Recognition, reduction and redistribution) can lead to formalisation of care economy and greater women participation.

Q.20) Do you agree with the view that social media is a 'double edged sword'? Discuss in the context of its impact on Indian society. (15 marks, 250 words)

क्या आप इस विचार से सहमत हैं कि सोशल मीडिया एक 'दोधारी तलवार' है? भारतीय समाज पर इसके प्रभाव के संदर्भ में चर्चा करें। (15 अंक, 250 शब्द)

Social media has turned out to be a boon for Indian society, but at the same time brings various challenges for its stakeholder.

It is indeed a 'double-edged sword' due to various pros and cons that it brings ?

Positive impact on Indian society

1) Social media helps people connect with old friends and family.

↳ Role of Facebook.

2) Helps reduce social isolation faced by elderly population

(3) Social media as the platform to discuss social evils and bring awareness.

[Eg.] #MeToo, #Black lives Matter etc.

(4) Social media helps build public consensus over dissent and protest

[Eg.] Role of social media in the Farmers Protest 2020.

(5) Social media as a source of instant access to information.

However, there are challenges:

(1) Spreading disinformation to promote communalism and hatred. [Eg.] Udaipur violence 2022.

- (2) Threat to privacy of user and incidences of data breach at darkweb.
- (3) Danger to dignity of individual due to pornography and child sexual abuse material (CSAM)
- (4) Social media for cyber espionage, cyber frauds and cyber terrorism.
- (5) Radicalisation of youth pose great threat to social harmony and fraternity.

Social media, therefore, must ensure ethical governance via collaboration of government, civil society and platform via "FACT CHECK UNIT"!
